LONG AND THICK DOES THE TRICK

As a woman reader, one of the things I like about your magazine is that you're not like all the other mags, always printing things about how the size of a man's dick is not important to a woman. I think they are all written by blokes with tiny winkles no bigger than my little finger.

I lived for three years with a boyfriend who did nothing for me sexually. His dick was about three inches long when fully erect and the only way he could satisfy me was with his mouth. Being fairly inexperienced I didn't realise that he was especially small until I had a night with a friend of his. This guy only had an average sized dick but it seemed enormous to me at the time and he gave me my very first orgasm .

Since then size has been important to me. I now have a very well-hung boyfriend (like a salami, over ten inches, and very thick - thickness is as important as length) and he gives me the best shags I've ever had. If I ever hear a woman saying that size isn't important I know she's lying or doesn't know any better.

KJ, Salford

Sorry, I don't agree. And in case you're wondering, I'm neither salami nor noodle - Sam.

PROBLEMS WITH ORGIES

I have just seen the letter in your November issue about the problems with orgies, or rather the difficulties of cleaning up afterwards - KY jelly on the flock wallpaper, chocolate mousse all over the sheets and, above all, thin walls and nosy neighbours.

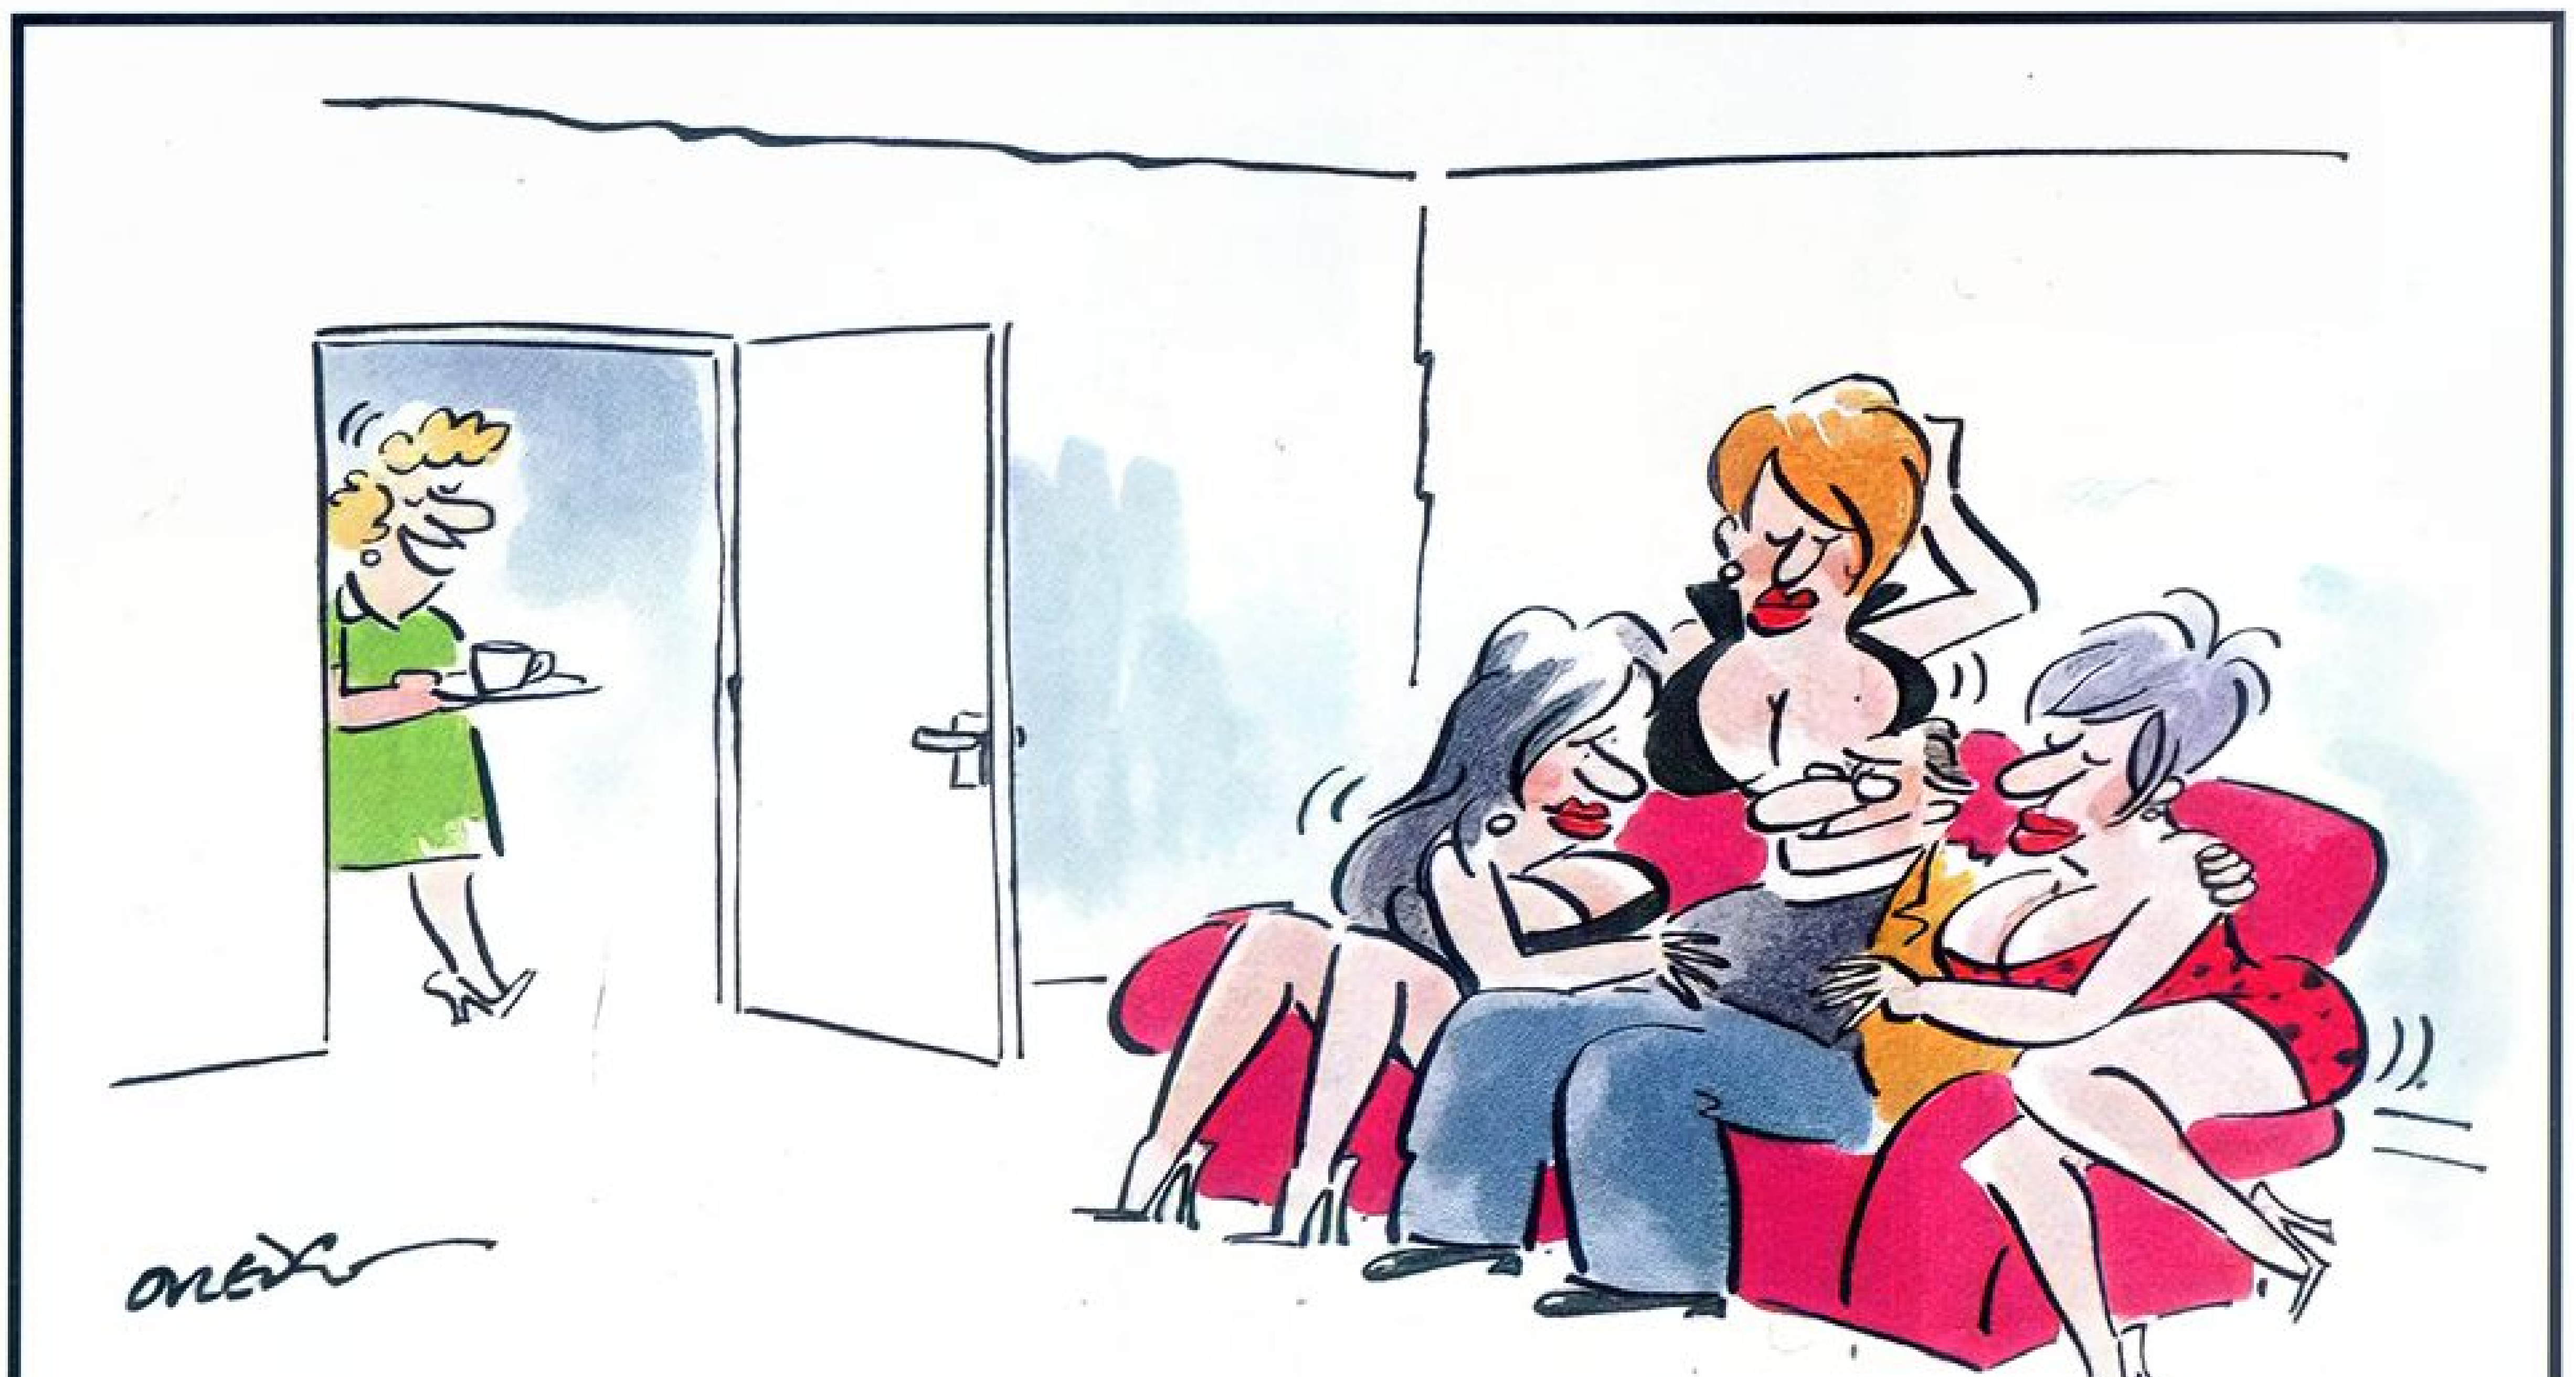
My wife and I are both very much into SM, and we got so tired of the various hassles involved - not only the sort mentioned in the letter, but also having to put away our quite elaborate equipment (various implements, pulleys, racks, examination tables, etc) after every session, that we actually moved from our comfortable suburban house to an isolated country cottage.

We're now a long way from Sainsbury's and our jobs, but we have no neighbours, and consequently no problems with noise - we and our friends can do whatever we like without worrying about how much noise we're making. Our equipment is permanently in place, ready for use at any time. And as for cleaning up, our activities are confined to a barn which we have fitted out and keep solely for our sessions and where there is nothing that can be damaged. It's all been a lot of upheaval and expense, but we feel it was worth it to be able to indulge in our special sexual preferences without worry and hassle.

CE, Knighton

Sounds good, but one of the best scenes I know is in a (soundproofed) basement in Central London - Sam.

In a contest to find 'the world's most powerful breasts' at a lesbian bondage club in Chicago, the winner - an art student aged nineteen - lifted one hundred and thirty pounds in weights suspended from her nipple rings.



"Here's a nice cup of tea to go with your crumpet and tarts, vicar."

TRAINING ON THE JOB

Just a line to say how much I appreciate your magazine, I mean both the words and the lovely pictures. I often think how lucky I am to live in a day and age when everybody can be so much more open about the pleasures of sex. When Carlisle the great early Victorian philosopher married, he was shattered to discover on his wedding night that women had

Pamela & Di

"Actually, Pam and I first got together at the office party, last Christmas. Everybody was pretty pissed, and we did a strip, just for a laugh. Then some guy dared us to do a lessie act, and we just went for it. We were in the sixty-nine position, with everyone laughing and cheering, when I realised I was incredibly turned-on. And I could see she was too. She was wide open and very wet. Without stopping to think, I slid my tongue right up inside her pussy. I heard her groan, then I felt her mouth on my clit. We lay there licking and sucking each other for a long time. Then at last we both came, creaming all over each other's faces, writhing and groaning, with everybody watching. They'd realised by now that this was for real. But we didn't care. It was wonderful. And it still is."

How To Pull A Rubber Dolly

Or Poke at a Pervy Party

Fetish clubs are hot and steamy, says Sally Williams, and that's just what it feels like wearing the gear. If you fancy playing with a rubber dolly, now's your chance, as she provides advice for first night pervs...

Fetish gear is hot stuff! Believe me! I wear it all the time, and there's nothing like rubber rubbing me up to make my pussy slushy. But these days it's not only tarty trollops like me who slip their hips into something shiny for a night out. Pervy gear is the thing to wear. Why, you can even pick up some super shiny plastic jeans in the High Street these days at PVC & A! At this rate it won't be long before M&S is into S&M!

Nightclubs are getting naughtier too, with more and more offering fruity fetish nights. I love them. It's like fancy dress (or nancy dress, if you go in drag) because nobody's allowed in unless they're in a glossy cossie. That way, the ice breaks quicker than a Taiwan toy, and there's more time for serious snogging. There are even special clubs for the seriously pervy person who likes being flogged more often than a second hand car in Catford. They can be a lot of fun too, but be careful. When somebody suggests a whip round, it doesn't necessarily mean they are going to the bar.

Who Wears Wins

So what does a girl or guy wear to join these shiny, happy people? Most opt for something glam and glossy, which means rubber, leather or plastic. It's no wonder they make tyres out of rubber because it clings to every curve! Stretchy as a second skin without the cellulite, it can be sprayed so it shines like the bonnet of a black Roller. But it's almost as expensive! A Catwoman style catsuit is a couple of hundred quid, and that's before you buy the high-heeled boots to go with it!

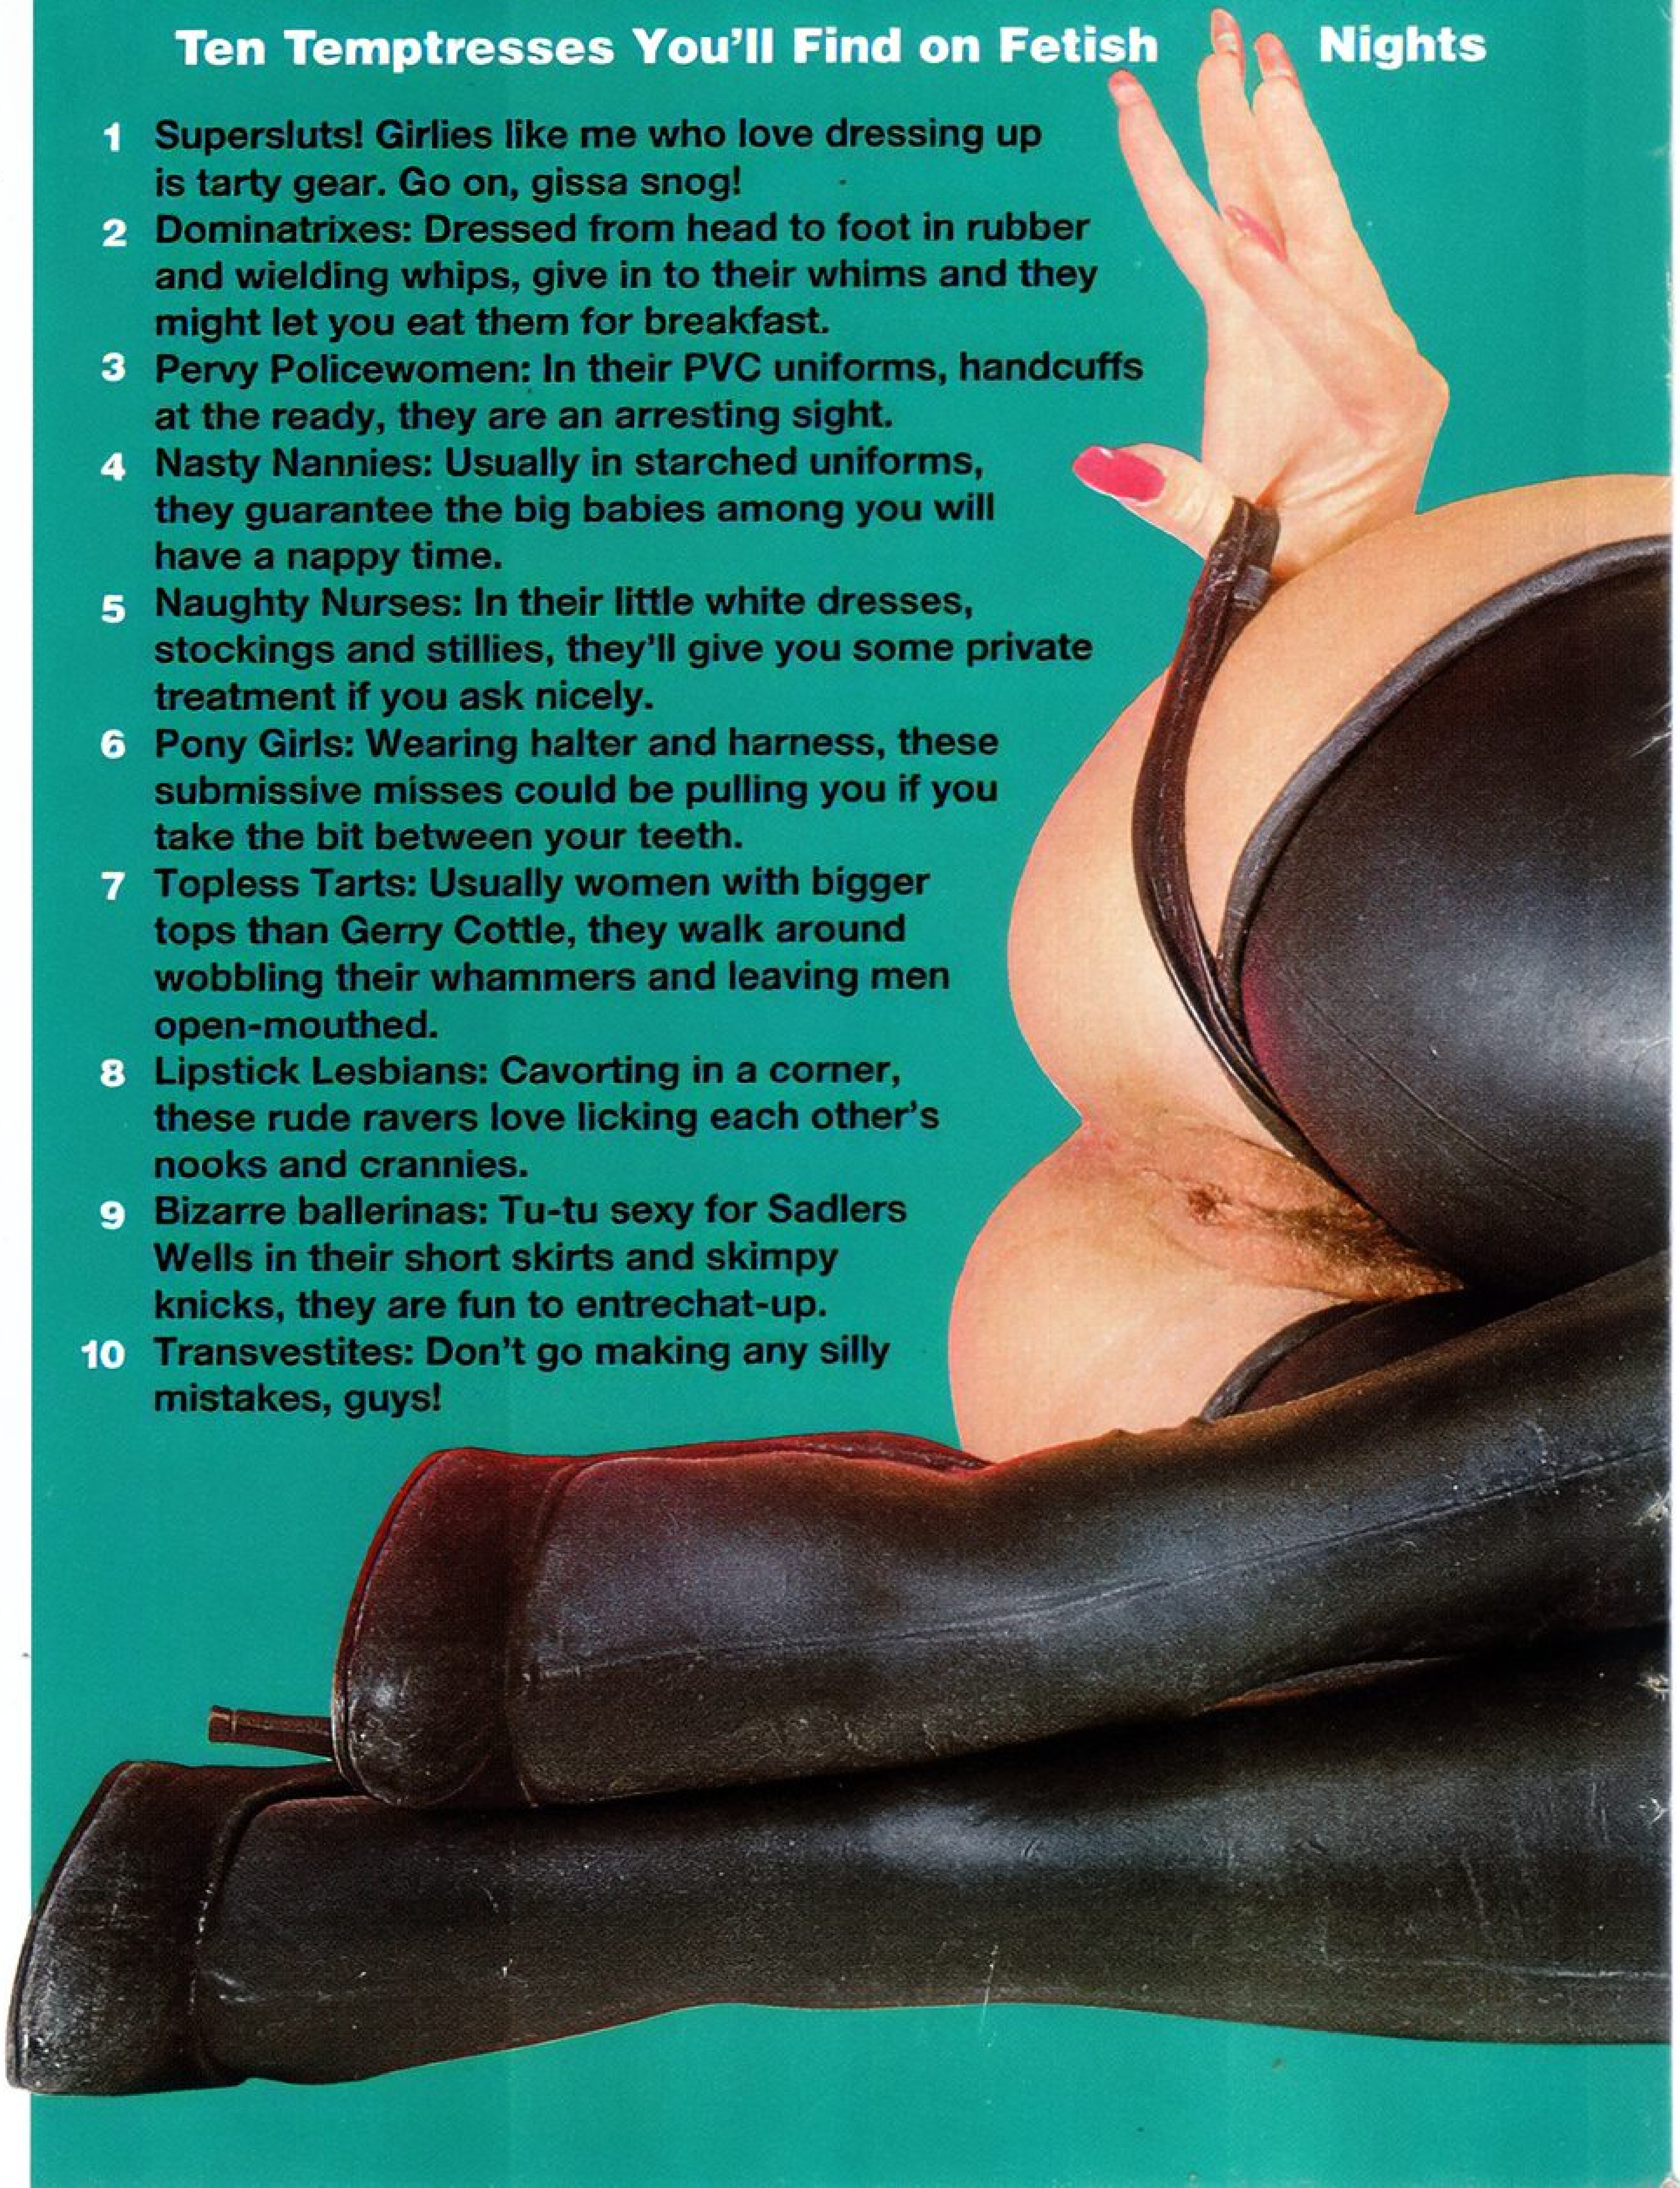
Leather is more comfy. It breathes almost as much as the fellas who see me in it, but again it costs a bomb. That's why I like PVC. It's cheaper, easier to look after, and doesn't make your pussy smell like Kwik Fit. Cheaper still is polyurethane or PU for short (Pervy and Uncomplicated!). Glossier than PVC, it's seriously stretchy and makes any girl's bum look great - even mine.

Some girls go for the more original look. Ballet tu-tus with no knickers can be fun for fellas who want to look up an old friend, and uniforms are always popular. Come fetish night, pervy policewomen, dodgy army officers and naughty nurses are always on parade. To get off with this lot, guys, you've gotta

Rubber Dollies

Ten Temptresses You'll Find on Fetish Nights

1. **Supersluts! Girlies like me who love dressing up is tarty gear. Go on, gissa snog!**
2. **Dominatrixes: Dressed from head to foot in rubber and wielding whips, give in to their whims and they might let you eat them for breakfast.**
3. **Pervy Policewomen: In their PVC uniforms, handcuffs at the ready, they are an arresting sight.**
4. **Nasty Nannies: Usually in starched uniforms, they guarantee the big babies among you will have a nappy time.**
5. **Naughty Nurses: In their little white dresses, stockings and stillies, they'll give you some private treatment if you ask nicely.**
6. **Pony Girls: Wearing halter and harness, these submissive misses could be pulling you if you take the bit between your teeth.**
7. **Topless Tarts: Usually women with bigger tops than Gerry Cottle, they walk around wobbling their whammers and leaving men open-mouthed.**
8. **Lipstick Lesbians: Cavorting in a corner, these rude ravers love licking each other's nooks and crannies.**
9. **Bizarre ballerinas: Tu-tu sexy for Sadlers Wells in their short skirts and skimpy knicks, they are fun to entrechat-up.**
10. **Transvestites: Don't go making any silly mistakes, guys!**



get yourself a good outfit. A leather waistcoat won't do! Get some serious gear if you want to impress, or do it in drag! Guaranteed to pull the lipstick lezzies, a short skirt and stockings is sure to have me pinching your arse, so long as your bum isn't big enough to be a two-seater sofa!

Pees and Queues

Once inside, don't waste time queuing to change or put your clobber in the cloakroom. Get your gear on in a nearby pub, and put a coat over the top. At big fetish events like the Skin Two Rubber Ball, you can wait an hour to check your bags in. Instead, grab a couple of seats with a table, and put your day wear underneath. It'll give you a chance to watch the wonderful people coming in and make mental notes who you fancy pulling later on!

Two other places you have to wait around are the bogs and bars! With all that clammy gear making you sweat like a glassblower's arse, there's always a big crowd round the lager. It follows that ten minutes later there'll be just as many desperate to let it all out again! With so many zips, chains, and heavy padlocks to undo, peeing takes twice as long as in a conventional club, so prepare yourself for a long wait. The good news is that there will be plenty to watch. Women use the men's, and men use the ladies, so there's a lot of snogging going on inside. Mind you, for us women, using the gents can be a big blow (in more ways than one). Discovering the well hung hunk owes the bulge in his rubber briefs to an air pocket rather than his packet is guaranteed to have me sobbing into my spritzer. Forget yelling your well-rehearsed chat-up lines if you want to pull at a pervy party. If you can be heard above the house music, you'll be shunned as sadder than a train spotter in the rain. "Great outfit, where did you get it?" is good. "Please mistress can I suck your stilettos," is even better if you don't mind a mouthful of polished patent before you get a snog.

Pulling It Off

You see, most men at fetish clubs like to be dominated. Male slaves are everywhere, so if my six inch stillies are cramping my style, I'm never short of anywhere to pull up a face and sit down.

Sorry, lads, if you want to cop off, you have to be prepared to submit to being submissive for a change.

But the rewards are worth it. If you've never snogged anyone in hot rubber, it's a wonderful feeling. Boobs and bums feel like balloons filled with warm water, and the heat makes a girl's minge so moist she can't wait for somebody to lick it lovely and clean. PVC has it's own pleasures for the pervy party goer. Once it's warm, it clings to the skin and itself. Serious snogging partners in plastic melt and stick together - at least that was my excuse for not letting go of PVC Dixon, the plastic-clad cop at the last do I went to!

Of course, at all clubs there are also those who just want to walk around looking good, and wouldn't snog the only member of the opposite sex left in the world in case they smudge their lipstick. But there are also plenty of people like me! Girls who enjoy dressing in super-sexy clothes, and dancing our rubber covered pussies off, So come on, guys, get some gear and give it a go!

pubic hair! He never recovered from the shock and the marriage was an unconsummated disaster.

Much more recently, when I was a young lad I had no idea what a naked woman looked like until my first sexual experience at eighteen, and I was so nervous that I was no use at all to the lady in question - an older woman who was much more experienced than me. Nowadays, through reading magazines like yours, young men are much better prepared than I was, not to mention poor old Carlisle!

VT, Paignton

It's nice to be appreciated. Welcome to another highly educational issue - Sam.

ALL MOUTH AND NO KNICKERS

You often print letters from wife watchers and I quite understand how they feel. My wife and I have only been married three years (she is twenty-three and very attractive - photo enclosed) and we are just getting into it after a long time talking and fantasising about her having other guys.

Until recently we got a lot of excitement out of her going out without a bra and wearing short skirts and occasionally flashing her stocking tops and panties. Then one morning, when she was just going to work, I reached up under her skirt and pulled her knickers off. I had a feeling going out like that might lead to something and I was right. She was late getting home that evening and when I asked her why she told me she had been for a drink with the girls from her office.

She was more aroused than I'd ever seen her, so we went straight upstairs and I gave her oral and then fucked her while she told me in detail what she'd been up to. She'd been flashing in the pub at a young guy and got all sexed up and went out to his car with him. He hadn't fucked her but she had sucked him off.

She is out at the pub as I write this, so perhaps she will be fucked good and proper tonight. I hope so.

DW, Harlow

She looks great - a real horny gal. Let us know what happened. And the name of the pub! - Sam.

An 82-year old disabled pensioner had to be cut free by firemen when his wheelchair got stuck in a cubicle in a Sheffield massage parlour offeriing special low rates to senior citizens.

MASSAGING THE FIGURES

When I plucked up my courage and showed *FOR MEN* to my wife recently she was bowled over by all the pictures of girls making love together and admitted that, for the first time, she could understand why so many women enjoy sex with another girl (or girls!).

We have had many horny sessions since, looking at the pictures and fantasising about what they would all get up to together and she has surprised me with how excited she gets. She especially fancied the two Neighbourhood Watch girls in January's issue - her favourite fantasy is writhing around with them in a

Lucy & Suzi

"Lucy and I both like guys, but we like girls too. I don't think men realise quite how many girls are bi. Guys are great, but basically they just want to get their rocks off. Girls are much more sensuous and relaxed. They can spend hours deep kissing, or slowly licking and stroking and exploring each others bodies. I couldn't do without girl-sex now. Once you've had another woman's mouth on your pussy, taking you to the brink over and over, driving you slowly crazy with lust, you can never give it up, no matter how much you love men. No way!"

Jodi is in her early twenties, an attractive blonde with deep blue eyes. She is tall and slim, but very busty with a gorgeous bottom and long elegant legs. She is an office manager with a large firm of travel agents. Her husband, Ray, is a few years older. Tall, with dark hair and an athletic build, he is in computer software. We talked in their quiet suburban semi in London.

EROS: You're both very much into horny amateur videos, making your own and swapping with other people. Are there many people at it?
RAY: Oh yes. We know loads. A lot of people have got very fed up with the commercial stuff, so much of it's so badly done. Amateur videos are much more exciting.
EROS: Is it expensive?
RAY: No. You can get a decent camera pretty cheaply nowadays. Or, if you want top quality, you can hire a pro standard one for the weekend for not very much.
EROS: Is it a big turn-on?
JODI: Christ yes. I love it. I get really carried away. I'm a terrible show off!
EROS: Do you have a script all worked out in advance?
RAY: We generally have a rough story line, but we'd never let a plot idea stand in the way of great sex!
JODI: For instance, the other weekend we set out to film a foursome with us and another couple. We had an extra guy on the camera, he works in TV so he knows what he's doing.
EROS: What happened?
RAY: Well, we were all on the bed screwing with the camera rolling. I was having the other girl, Jackie, and her boyfriend was having Jodi. Then us two guys started having Jodi while she and Jackie kissed and caressed. But they were soon enjoying themselves so much we just sat back and let them get on with it.
JODI: I'm not all that bi, I like cock too much, but Jackie and I really got into it. She was fabulous looking, and extremely horny. We were rolling about kissing and touching. Her nipples were so big and hard in my mouth. And when I touched her pussy her swollen lips opened and my fingers just slid into her she was so wet.

Then she knelt over my face, and I worked my tongue right up inside her pussy. I had my finger right up her bum as well, which she loved. She was very wet and she tasted wonderful. But she wanted to taste me too, so we got into the sixty-nine position, lying with our heads between each other's legs, exploring with our tongues. Her clit was big and hard and I sucked it right into my mouth and she did the same for me and we lay there sucking clits and playing with each other's bums until we came in each other's mouths, over and over again. It was fabulous, but then we really needed cock and we called the guys back.
RAY: They were lying side by side, both so on heat, so wet and gaping open. They looked fantastic. We screwed our own women this time. When I kissed Jodi I could taste Jackie on her lips. Superb! It made a great tape too.
EROS: What about the poor old cameraman?
JODI: Don't worry about him. He was well taken care of I can tell you.
RAY: And I got that on the tape as well. Would you like to see it?
EROS: I'd love to. Thank you.

Janet is an attractive housewife in her early thirties, small and plump and dark with large breasts and a sexy giggle. Her husband, Alec, is in his early forties. They have been married for nearly ten years. We met and talked in their old,

renovated farmhouse in mid-Wales.

EROS: I understand you make video tapes to order.

ALEC: Basically, I operate the camera while Janet performs, either with other people or on her own. I get my pleasure out of showing Janet off to other people, she gets hers from being shown. We don't sell them - we do it purely for our own satisfaction.

JANET: Whatever someone wants to see me doing I will do. When I'm being filmed I will do anything.

EROS: That sounds pretty submissive.

JANET: Yes. I do get tremendous pleasure out of being ordered to do something, no matter how painful or humiliating, and doing it to the best of my ability.

EROS: Tell us about your most recent.

ALEC: Okay. We had a couple here about a fortnight ago. She was a dom Mistress, very much into stilettos and fetishy gear, he was called Simon and he was a total wimp.

JANET: The Mistress was great, about forty-five. very attractive and elegant, and extremely experienced. She was wearing this gorgeous red patent leather basque and thigh boots with nine-inch heels and Simon and I had to serve as her body slaves. She was a lovely cruel bitch. It ended up with Simon licking and sucking one boot and me doing the other. Then Simon disgraced himself by getting so excited he spunked all over her boots, and when she touched my pussy and found that I was very much on heat too, she made me lick them clean. Then she and Alec spent the night together shagging, with us two slaves kneeling in bondage at the foot of the bed all night. That was fabulous - really incredibly humiliating!

EROS: Thank you very much.

RACE REP SUZIE!

With its awesome new racing version designed specifically to win the World Superbike and World Endurance titles, Suzuki's 1996 GSX-R750 is built to win, on the road and on the track...

Suzuki invented the race-replica genre with the original GSX-R750 eleven years ago. Since then a non-stop series of updates and refinements have kept this legendary hooligan tool as popular as ever and given it true cult status. But the 1996 version is very different. It has been totally redesigned, based on Kevin Schwantz's fabulous 1993 World Championship-winning RGV500.

Weighing a class-leading 179kg, the '96 version produces a claimed 129bhp which sends this sexy missile rocketing from standstill to 60mph (with or without the front wheel on the ground) in less than three hair-raising seconds and then, with the assistance of its ram-air induction system, on to a mind-blowing top speed of over 170mph. Amazingly, the engine which develops this kind of performance is lighter and more compact than its predecessor - overall, the new bike is ten per cent lighter and ten per cent more powerful.

An aluminium twin-spar beam frame houses this mighty power unit, and forms the basis of a lightweight, rigid chassis. A wheelbase of 1,400mm, with a steep rake of just 24 degrees, makes it actually shorter than Schwantz's racing bike. And the fairing and bodywork of his race-proven ride have been adapted, through extensive wind tunnel testing, to match the specific dimensions of the new machine.

A delta-shaped fin underneath the bodywork deflects air and - in wet conditions - water around each side of the spinning rear tyre; and the distinctive and unique new tail section has been designed to smooth out airflow and cut down turbulence dramatically (on the track, this reduced wake also serves to disrupt the plans of competitors hoping to benefit from your slipstream).

But in their three-year quest for less weight, more power and higher speed, Suzuki have not forgotten the needs of the rider. An improved riding position with higher handlebars and lower footrests reduces fatigue and makes it more comfortable than many race-reps; features to ease maintenance include a hinged 18-litre fuel tank with a prop-rod, allowing easy access to the air filter and plugs, and captive wheel spacers which stay in place when a wheel is taken out. The fairing is also attached with fewer fasteners, making it quicker and easier to remove.

Cost? Breaking it gently, let's just say you'll get one whole pound change out of nine grand. But if you can spare it, it's money well spent. Like its predecessor, the Suzuki GSX-R750 redefines the whole superbike concept and takes the race-replica market onto a new and altogether higher level. With the racing version designed specifically to win the upcoming World Superbike and World Endurance titles, the 1966 GSX-R750 is built to win, both on the road and on the track.

"I'm a clothes shop manageress and I first met Jo when she came in to buy a dress. I got all juicy as soon as I saw her, and I was pretty sure she was up for some action - I can reckon I can spot another bi girl a mile off. She must have sussed me as well, because she called me into the changing room, and asked me to help her. She'd stripped down to tiny pants and she looked gorgeous.

We were kissing and touching each other in no time, and we soon got really excited. But we had to be very quiet and we didn't dare to come or anything in case someone heard us.

So she gave me her address and I went straight round to her flat after work.

And we spent the night doing all the lovely things we couldn't do in the shop - like sitting on each other's faces and making as much noise as we liked. Fabulous!s"

After that little misunderstanding with the fat girl in the video shop, this is a good time to lie low, at least until those nasty skin abrasions clear up. The Swedish au pair nextdoor wants to show you her intimate piercings but is afraid you might be shocked - reassure the poor girl immediately.

GEMINI

21 May - 20 June

The police have traced your number and it is time to give up your phone sex sessions with the young model who believes you are a trained sex therapist. A fur lined jock strap and a rubber glove full of yoghurt will enhance the pleasures of a chance encounter with a monopede Bosnian tap dancer on the 12th.

CANCER

21 June - 22 July

Your application for the post of honorary masseur to the local girl's hockey team will be inexplicably rejected. A reputation as an animal lover is often a shortcut into a girl's knickers, but keeping a twelve-foot python in the airing cupboard can be a turn-off for those of a retiring disposition.

LEO

23 July - 22 August

Your cosmic karma promises extra maple syrup and chocolate mousse in a sploshy orgy on the 13th with two bisexual go-go dancers. Pretending to be a caring New Man can be a strain, but it just might pay off with the busty feminist who has moved in next-door.

VIRGO

23 August - 22 September

Illicit activities on the 17th with sexy Siamese twins will be captured on closed circuit television and copies of the tape will fetch large sums among close friends. An encounter with a tall blonde in pink fake fur will prove very educational, especially as she turns out to be a pre-op transexual who shares your interest in tight-laced corsets.

LIBRA

23 September - 22 October

A beautiful, submissive young nympho would like you to bring some discipline into her life, if she only knew how to contact you. The good news is that you are not paranoid - the bad news is that Morgs from the planet Org really do want to steal your brain. A gerbil could prove a loyal friend.

SCORPIO

23 October - 21 November

Now is the time to unleash your sex drive, wank in your front window, go to the office in bondage gear, pee through some old fart's letterbox, run naked and howling through the streets. You could be out in less than five years.

SAGITTARIUS

22 November - 20 December

A feigned interest in the Third World will forge a bond between you and a slim brunette who needs to be dominated in shiny black leather. A pretty housewife whose parrot attacks your gerbil will offer you a handjob as compensation, but insist on oral relief to completion.

CAPRICORN

21 December - 19 January

The good news is that the leggy blonde in red PVC is a sex-crazed slut who shares your penchant for watching porny videos dressed in rubber - the bad news is that she thinks you are a repulsive dickhead and wouldn't touch you with a bargepole.

AQUARIUS

20 January - 18 February

You will be invited to an orgy of filth and depravity by two SM dykes on the 19th but will lose the address. Random acts of violence by small, bearded men in tee-shirts will make life difficult when trying to steal their parking spaces.

PISCES

19 February - 19 March

A champagne enema from a young lady who went to boarding school, and high tea drunk from the stiletto-heeled boot of a bishop's illegitimate daughter, all combine to bring a touch of class to your usually sleazy little sexual activities.

February News

FANTASTIC FILMS!

If you like well-known British glamour girls like Debee Ashby and Stacy Owens doing unspeakable things on video with men and other women then you must tune in to Television X in February. We are showing great films like Miss Adventures At Megabooob Manor and The Sexy Secrets Of The Kissgagram Girls to name but two. In Miss Adventures At Megabooob Manor sexy Scot Stacy Owen leads a bevy of busty beauties in a randy romp about girls who are training to be, yes you've guessed it, kissagram girls. They go through the rigours of training during which they have to have their already large breasts massaged by other massive-mammaried mommas. Delightful Debee Ashby, recently featured nude in *Penthouse* (copies still available from 0181-597 7335), is the star of The Sexy Secrets Of The Kissgagram Girls. This is a film that features a rather hot threesome as well as some rather entertaining lesbian kisses. Don't miss it!

LOVE & ROMANCE

It is almost 14 February – Valentine's Day – again and we think we have the perfect way to surprise and delight your lover.

We think it would be great to spend some dosh on a bunch of flowers, some Belgian chocolates, a bottle of good champagne and a nice meal in a decent restaurant. Afterwards, take her home and snuggle up on the settee with some more champers and Television X – the perfect way to get her in the mood for loving.

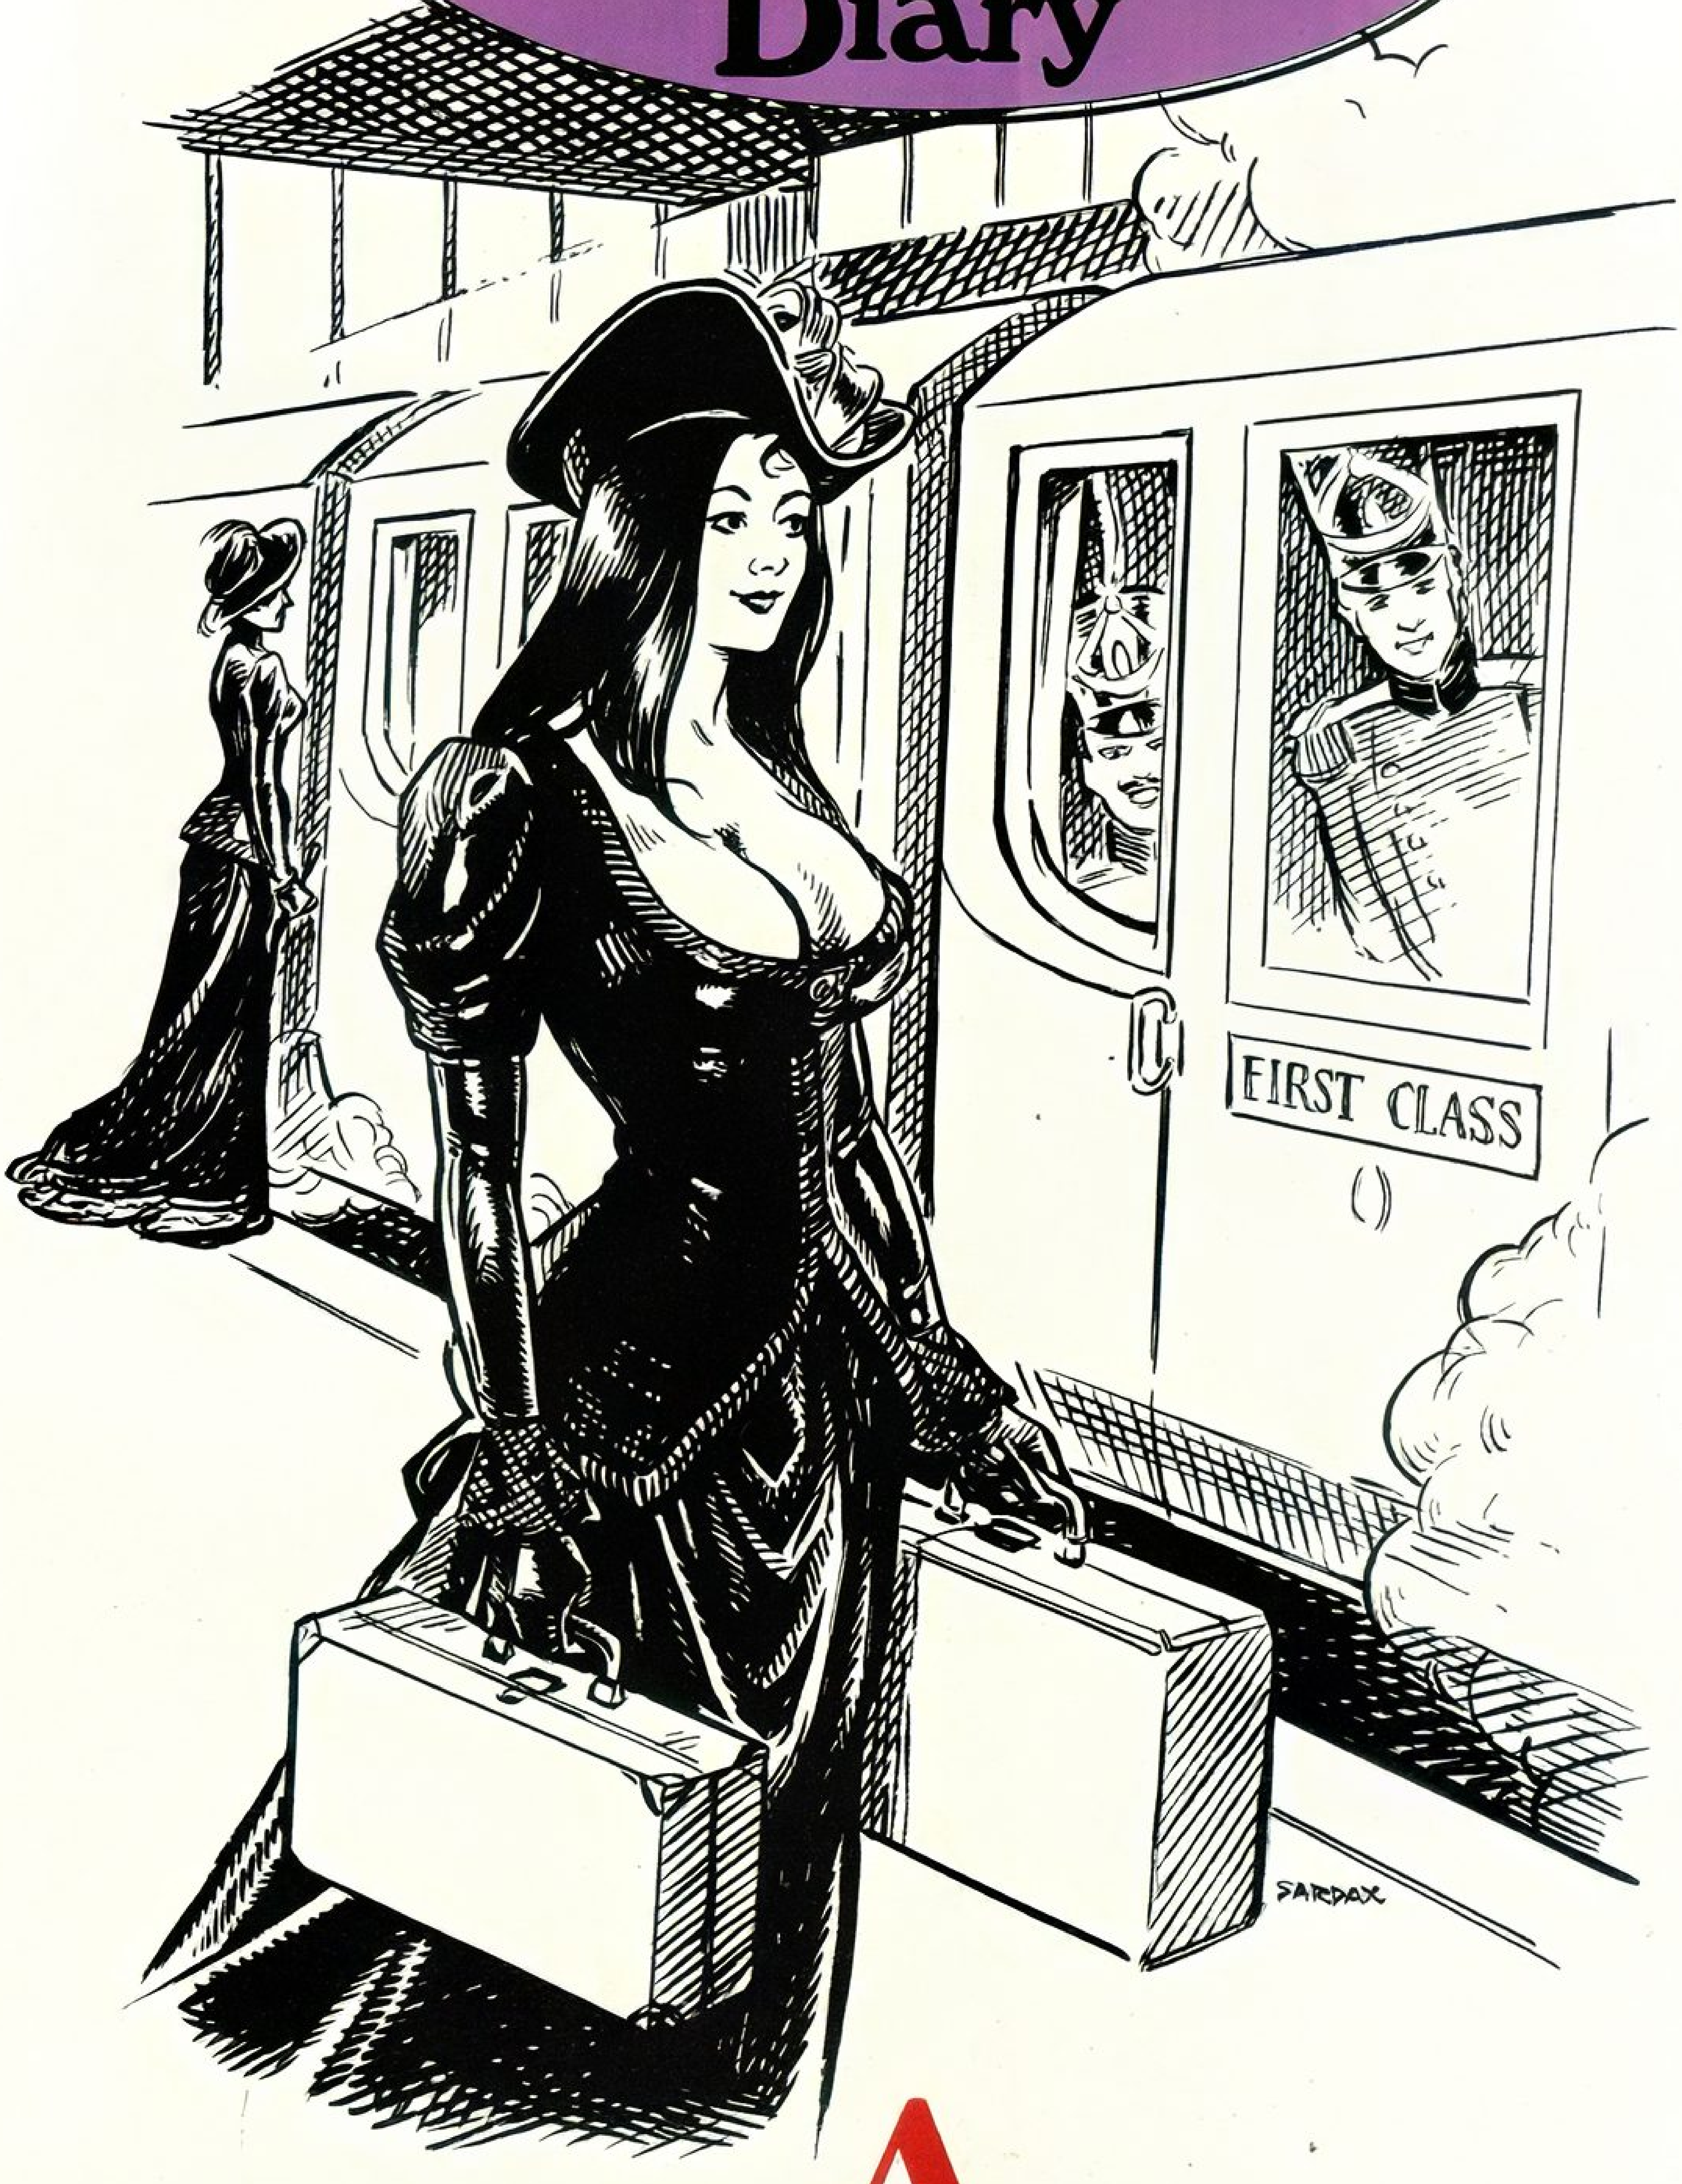
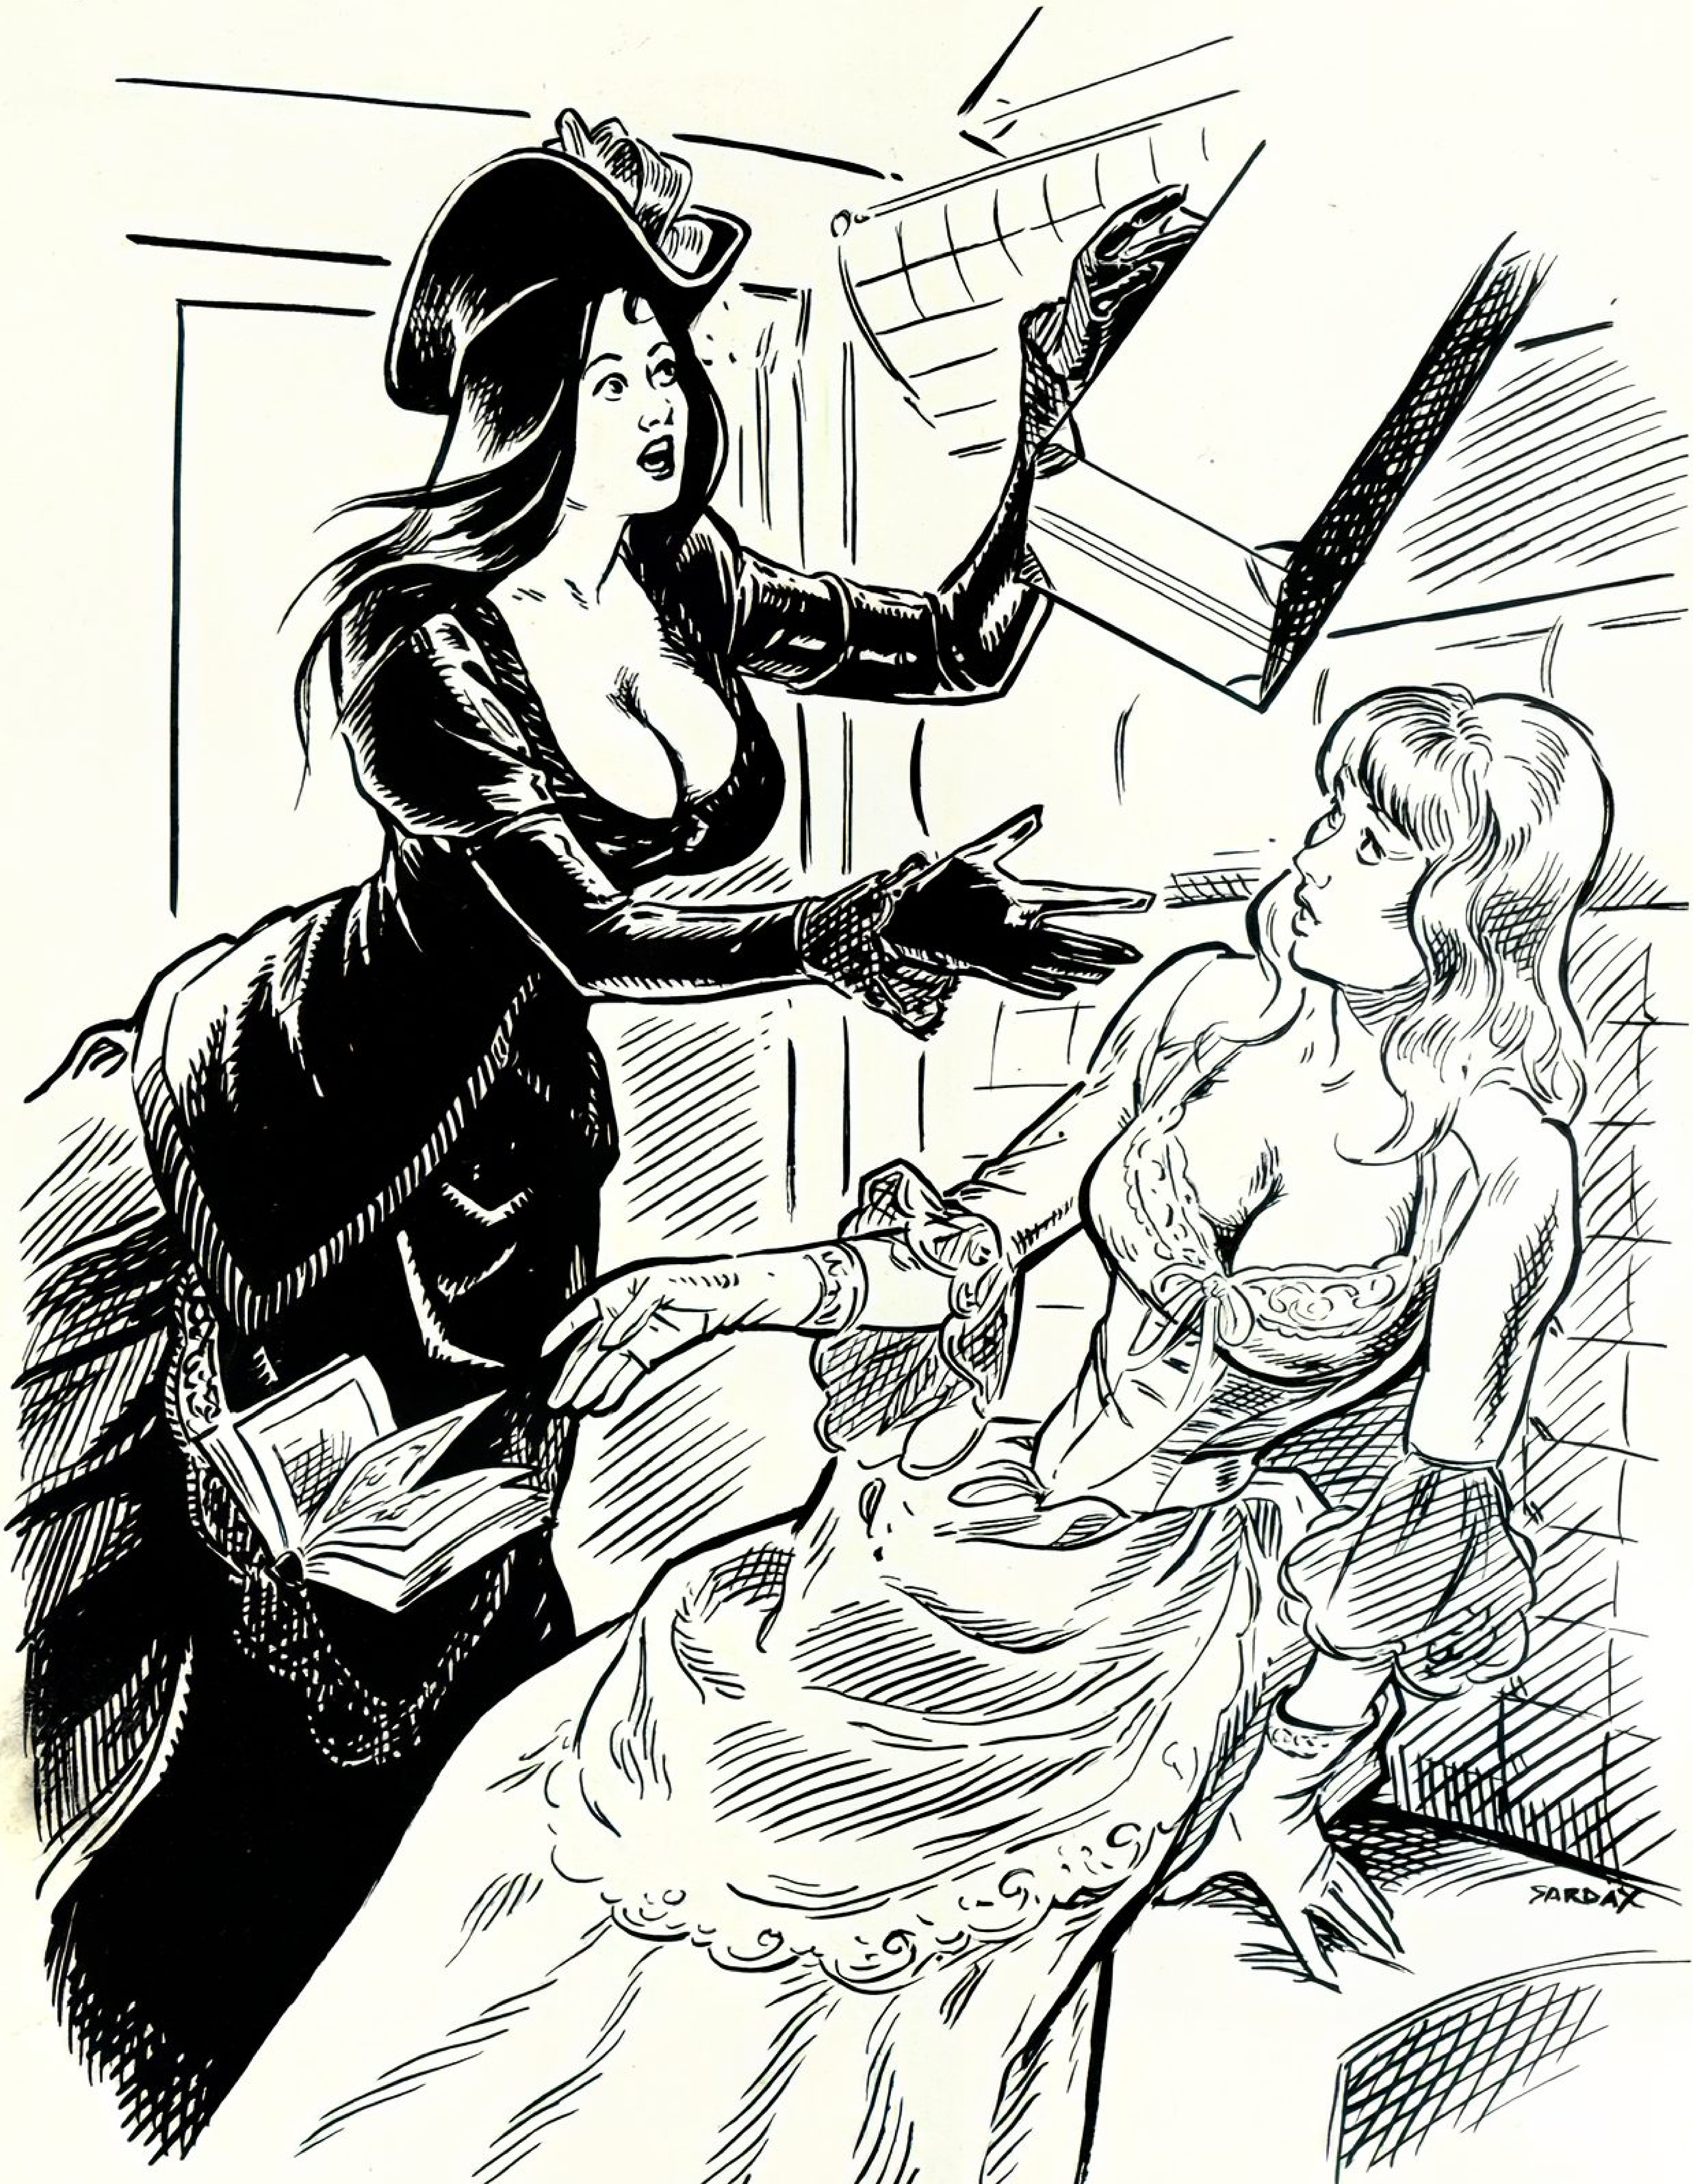
A Victorian Discipline Diary



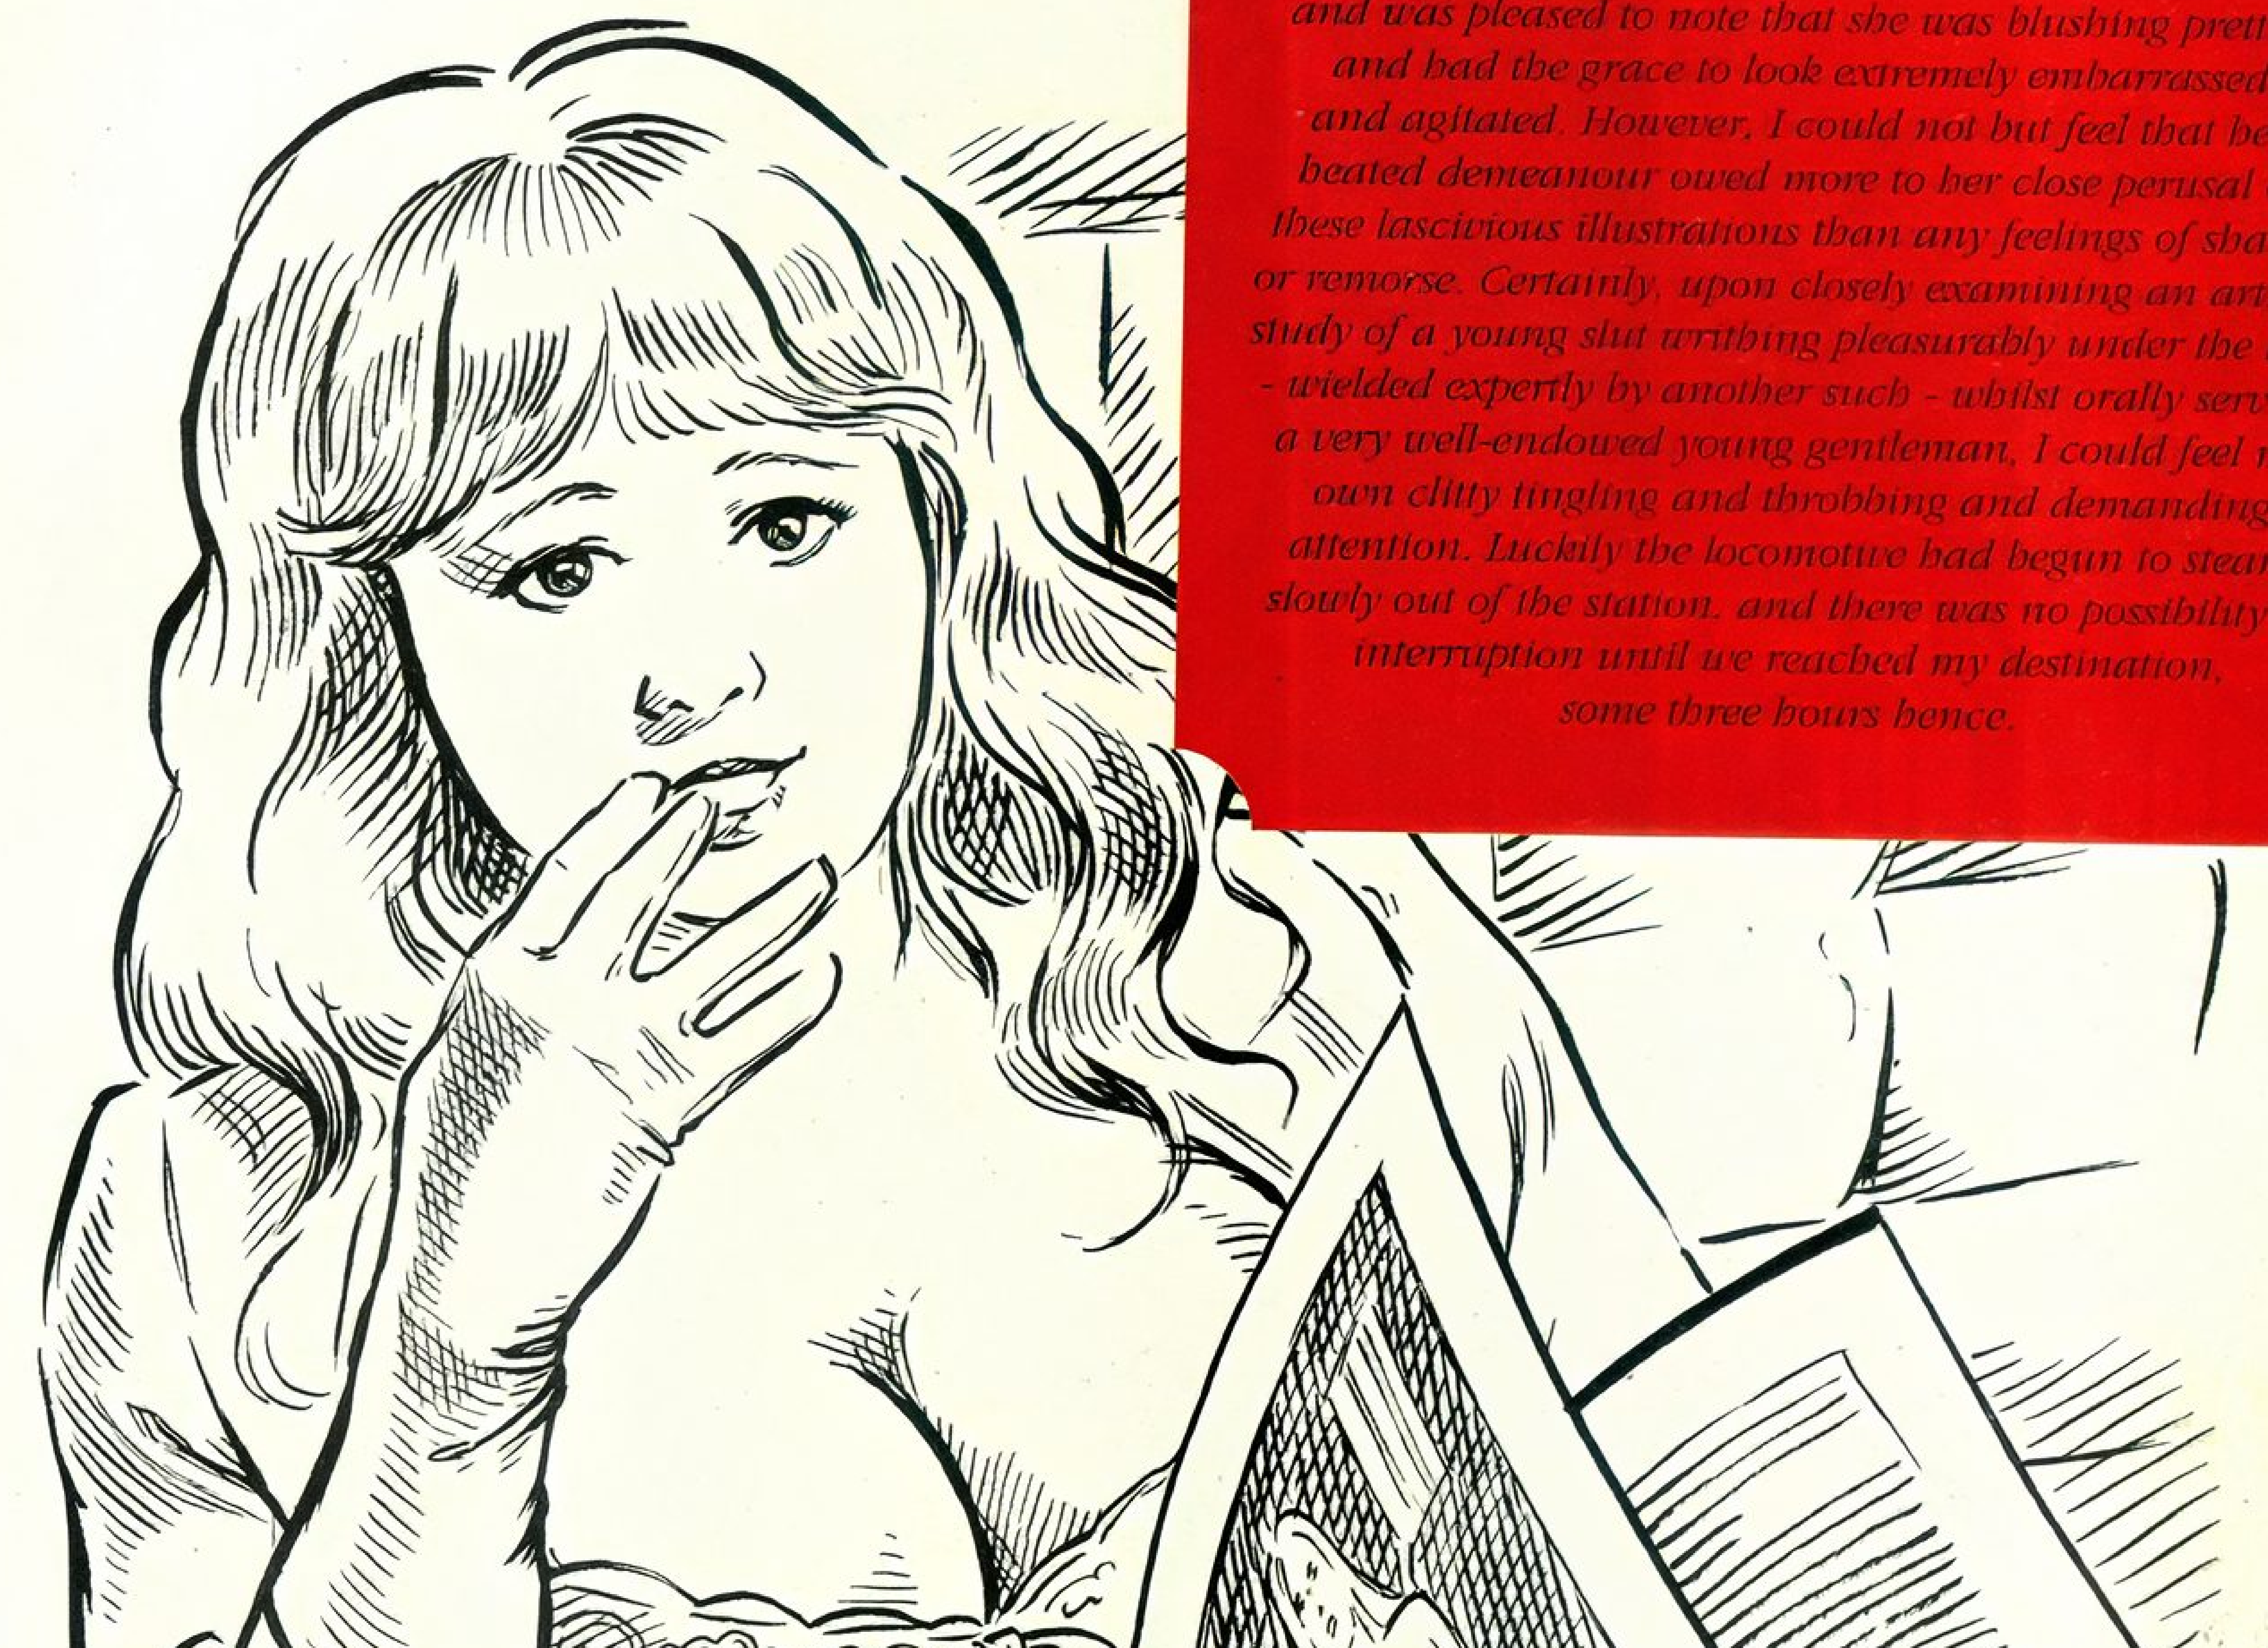
As a professional lady disciplinarian specialising in the correction of the fair sex, my work requires me to travel to all parts of the country, training unruly wives, daughters and domestic servants. It follows therefore that I am frequently obliged to avail myself of the steam railway. Though this is almost invariably unpleasant, I occasionally manage to find a fellow traveller sufficiently entertaining to help while away an otherwise tedious journey.

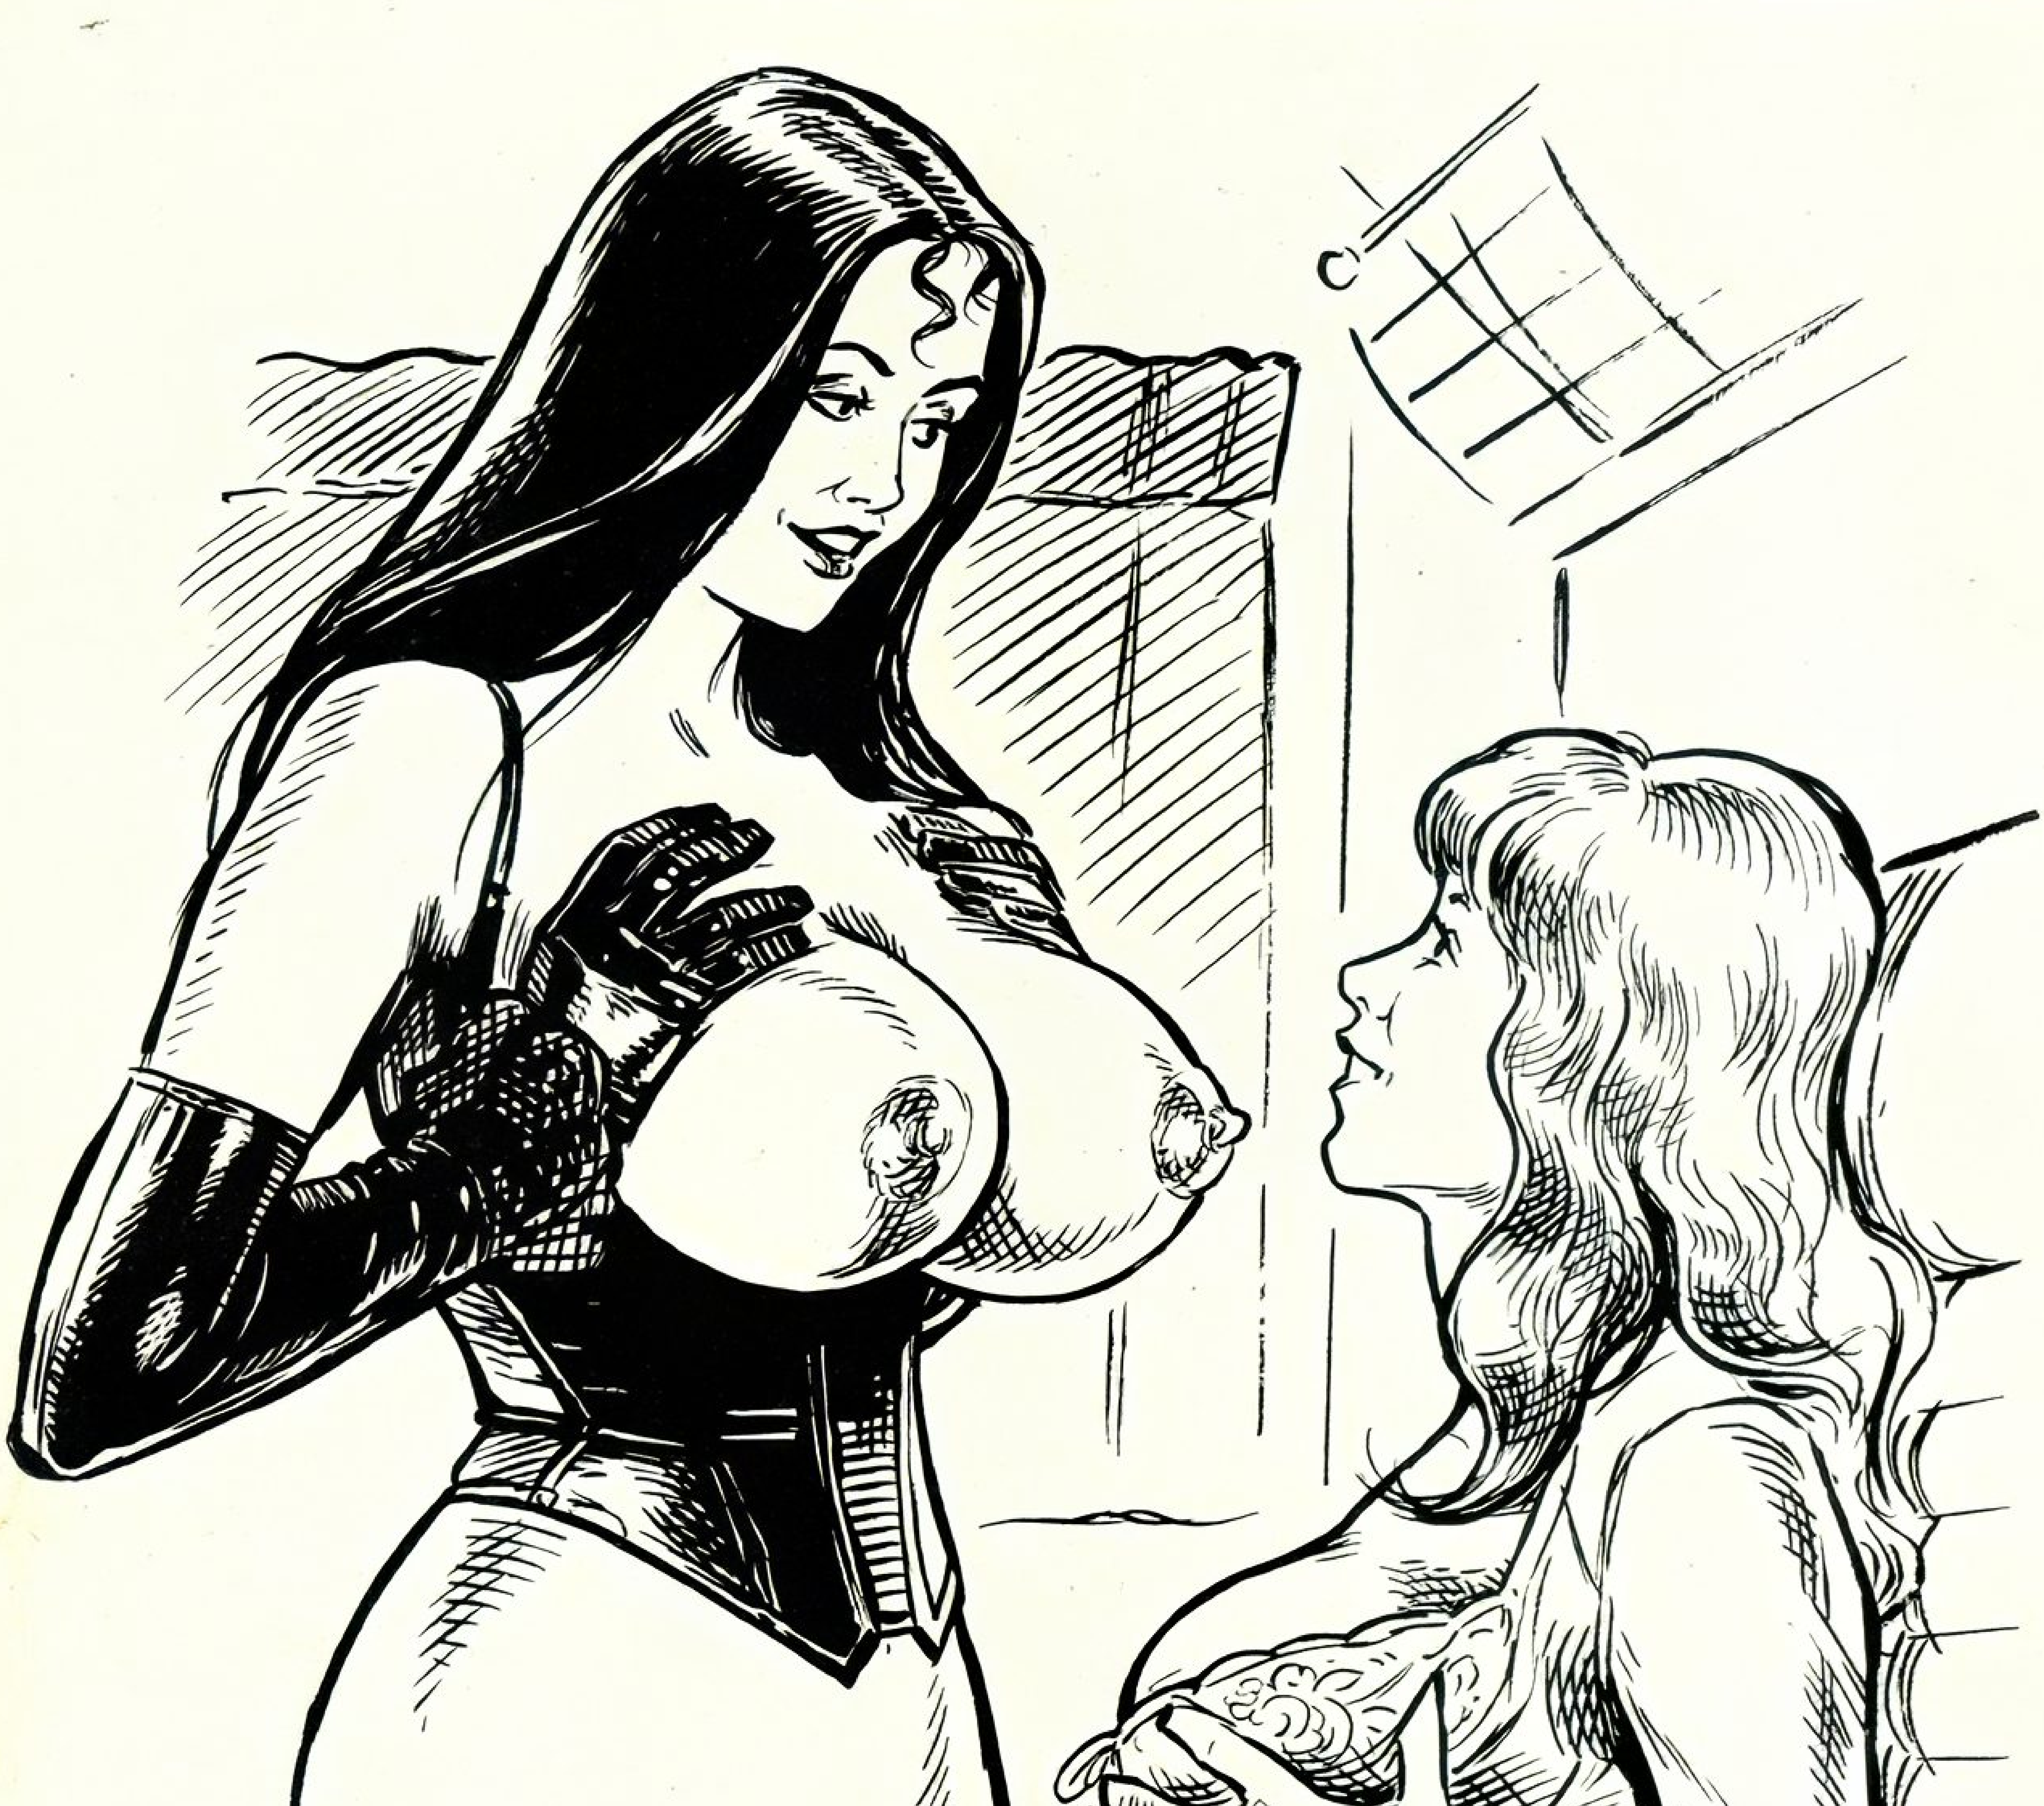
Such was the case recently, when I was called to a remote part of the Cotswolds to deal with the wayward young daughter of a leading member of county society.



Spying a pretty little wench alone in a carriage, I entered the compartment. As usual, there was no porter on the station platform to take care of my bags, and I was perforce engaged in lifting them onto the luggage rack myself, when I accidentally knocked a book from her hands. You may imagine my pleasure, on retrieving the volume, in finding the work to be the filthiest and most disgusting specimen of the pornographer's art it had ever been my good fortune to see. Young men and women engaged in every possible combination of the most perverse acts imaginable were portrayed in minute detail. I felt my nipples hardening and my cunny moistening as I flicked through the lubricious pages.

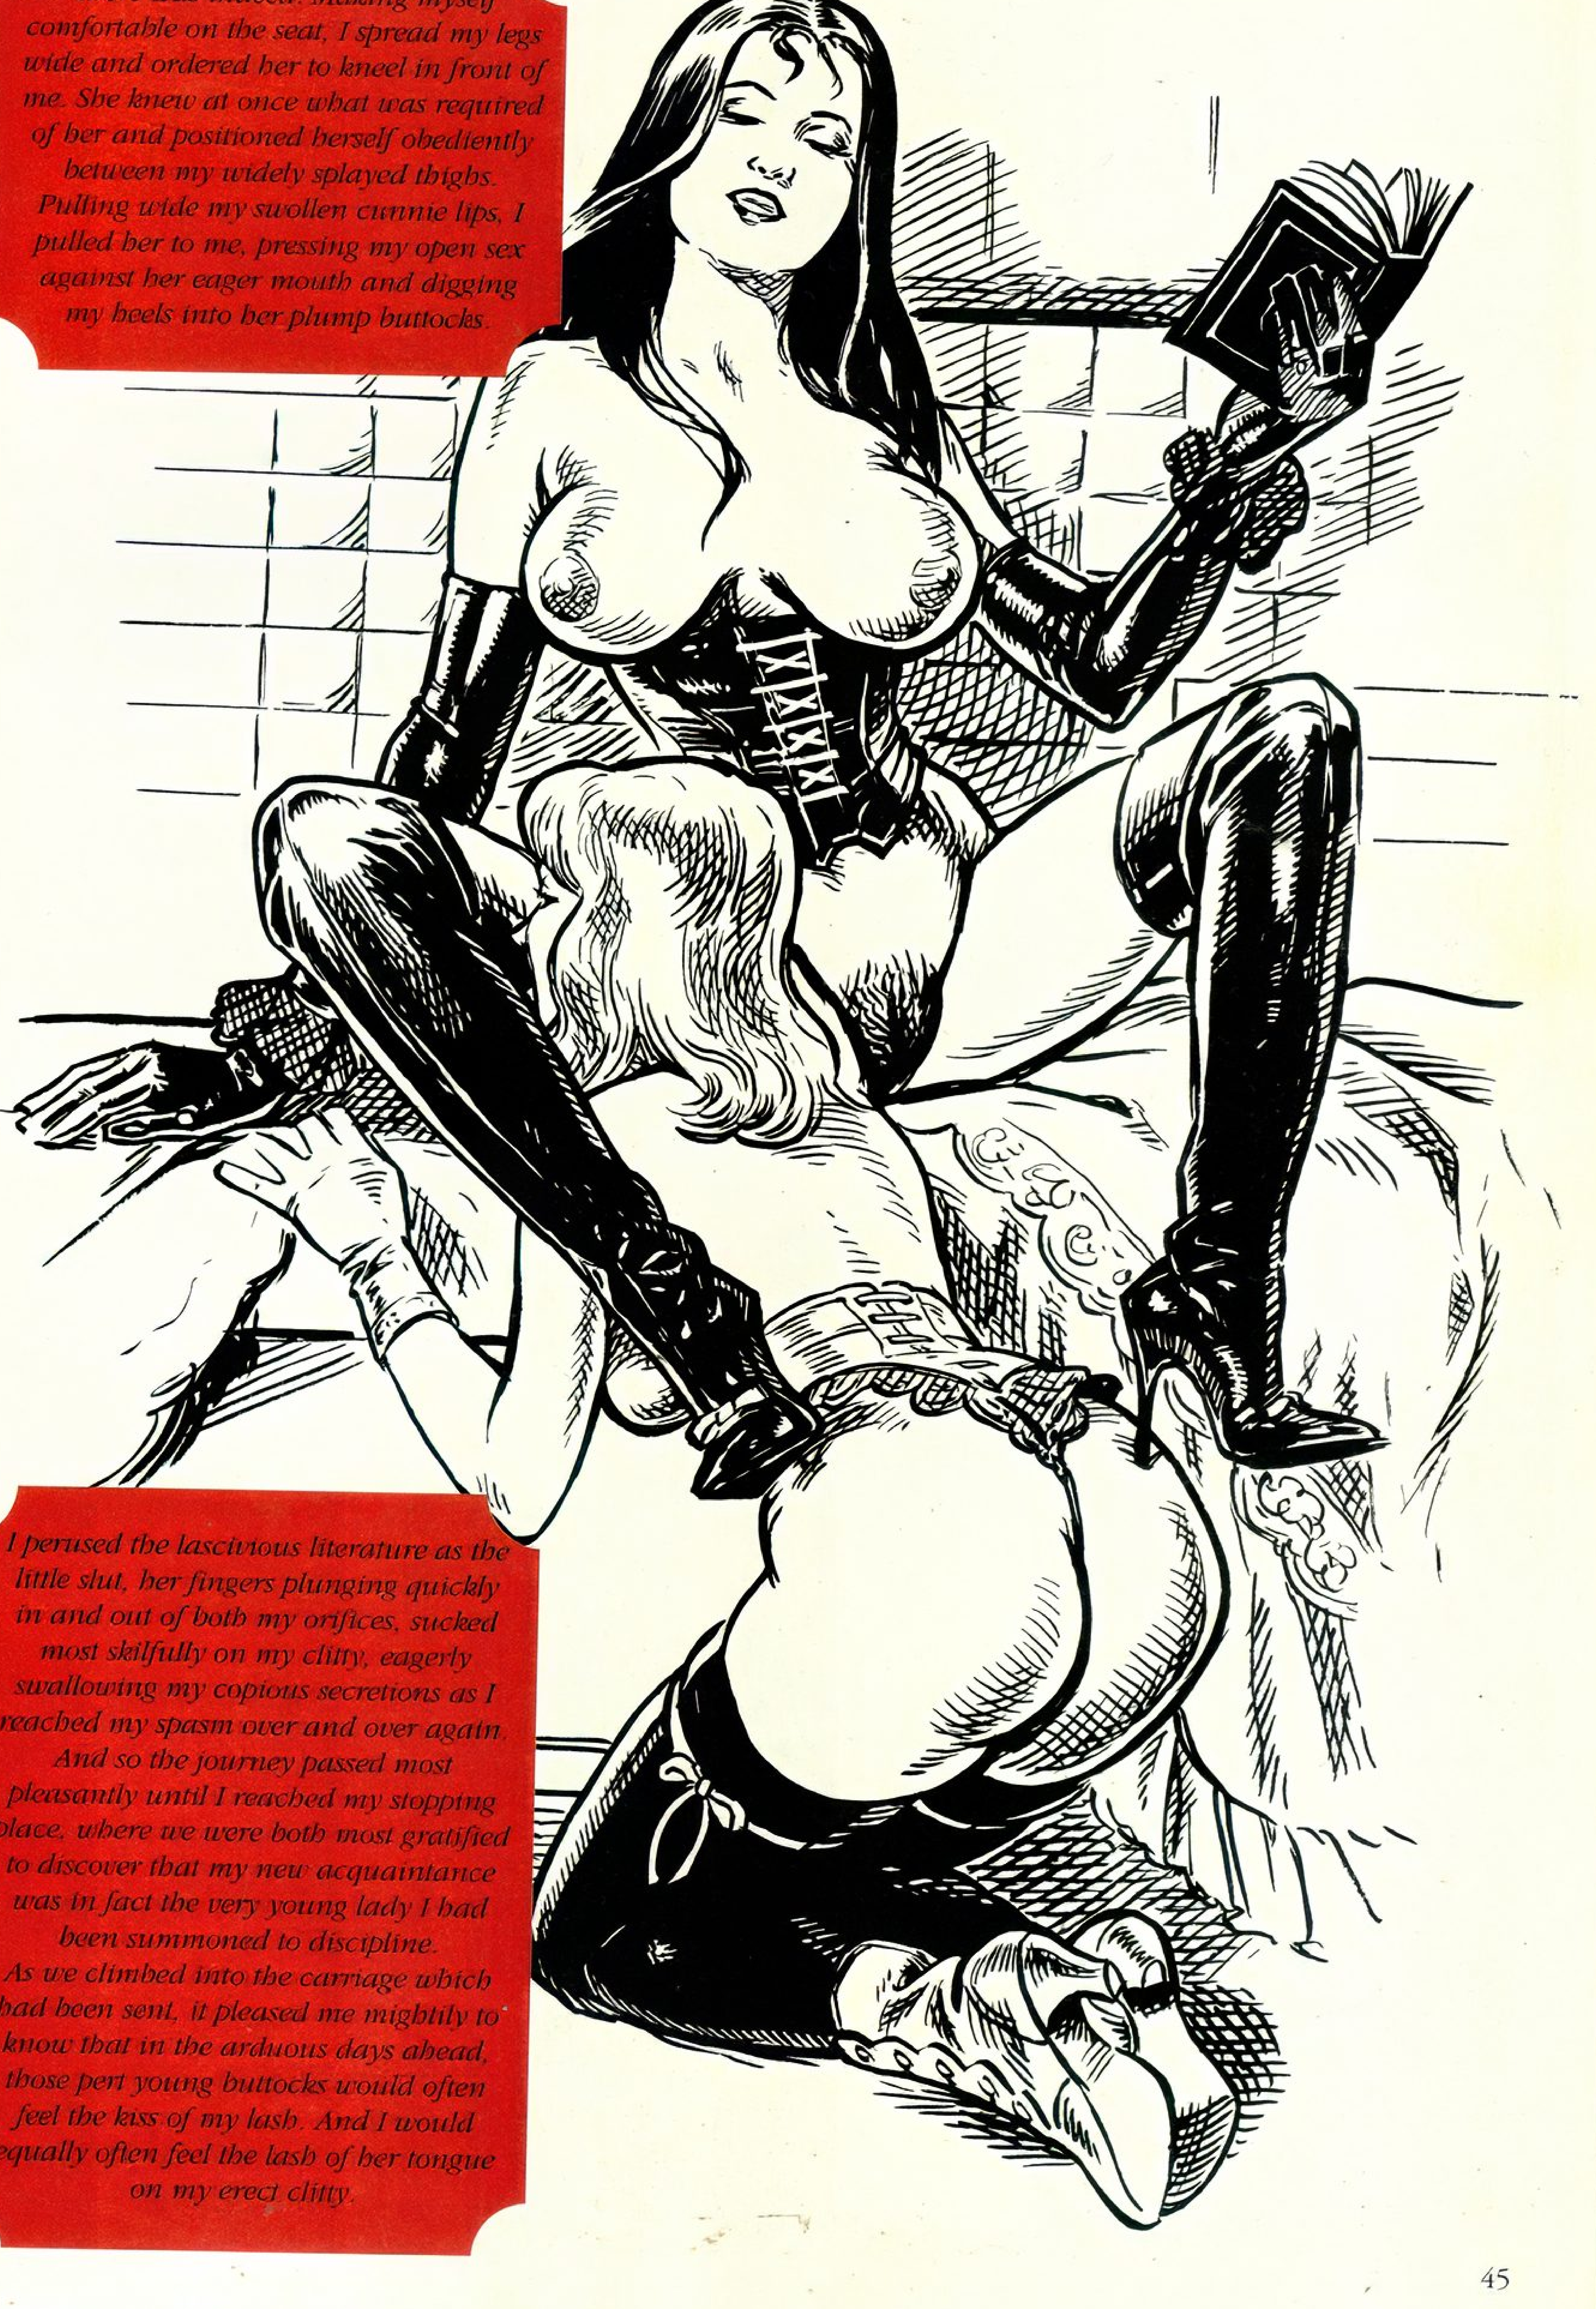
I eyed the young hussy severely and was pleased to note that she was blushing prettily and had the grace to look extremely embarrassed and agitated. However, I could not but feel that her heated demeanour owed more to her close perusal of these lascivious illustrations than any feelings of shame or remorse. Certainly, upon closely examining an artistic study of a young slut writhing pleasurably under the lash - wielded expertly by another such - whilst orally serving a very well-endowed young gentleman, I could feel my own clitty tingling and throbbing and demanding attention. Luckily the locomotive had begun to steam slowly out of the station, and there was no possibility of interruption until we reached my destination, some three hours hence.





The young creature eyed me in amazement as I slowly disrobed, retaining only my tight-laced corset and high button boots, and she gasped in admiration when she saw my magnificent breasts. I allowed her to suck my hard nipples for a brief moment. Then I ordered her to take off her dress. She obeyed instantly, revealing herself to be completely naked except for stockings and ankle boots. Obviously, she had removed all her undergarments in order to see to her own needs the more easily whilst perusing the erotica. She stood submissive and silent, legs apart and bosoms exposed, as I inspected her private parts. As I had suspected, the little slut was on heat. Her nipples were long and hard, and her humid crevice gaping fully as wide as my own, her large clitoris erect and protruding from beneath its hood. She gasped, writhing with pleasure as I pinched and squeezed the erect button of erogenous flesh. "Is there anything I can do for you ma'am?" she pleaded.

There was indeed. Making myself comfortable on the seat, I spread my legs wide and ordered her to kneel in front of me. She knew at once what was required of her and positioned herself obediently between my widely splayed thighs. Pulling wide my swollen cunnie lips, I pulled her to me, pressing my open sex against her eager mouth and digging my heels into her plump buttocks.



I perused the lascivious literature as the little slut, her fingers plunging quickly in and out of both my orifices, sucked most skilfully on my clitty, eagerly swallowing my copious secretions as I reached my spasm over and over again. And so the journey passed most pleasantly until I reached my stopping place, where we were both most gratified to discover that my new acquaintance was in fact the very young lady I had been summoned to discipline.

As we climbed into the carriage which had been sent, it pleased me mightily to know that in the arduous days ahead, those pert young buttocks would often feel the kiss of my lash. And I would equally often feel the lash of her tongue on my erect clitty.

HE GIVES ME TO HIS FRIENDS

I am eighteen, work in a shop and live with my boyfriend, who is twenty-two and a student. He told me before I moved in that he wasn't the jealous type, but I didn't realise what he meant by that. Now I know - he is giving me to all his friends for kinky sex of all kinds.

I had only been in his flat a few days when one came round and they took turns with me. The friend was nice looking and gentle so I didn't mind, in fact I enjoyed it very much. He gave me lovely oral for a long time and I don't think I have ever come so many times.

But then a few nights ago three of them came round and they all had me, first taking turns and passing me around, then sharing me. They did everything to me. At one stage I had one in my mouth, one in my pussy and one playing with my bumhole while my boyfriend sucked my nipples. I just couldn't stop coming, over and over. I must admit I am enjoying myself - my boyfriend is very loving and all his friends are young and attractive and they always make me come a lot. He is from abroad and says it is quite common in his country for a guy to share his girl with his friends. But I have told my best friend about it and she says I am being exploited and ought to leave him. What do you think?

They all had me, first passing me around and taking turns, then sharing me...

AW, Liverpool

It depends entirely on how you personally feel about the situation. If you are really enjoying all the new kinds of sex with lots of different people and aren't being made to do anything you don't want to do, then everything is fine. If you feel you are just being used and aren't happy about it you should ditch your boyfriend right away. Trust your own feelings.

I PREFER SOLO SEX

I am a single secretary of twenty-eight, and told I am attractive. My problem is that though I have a powerful sex drive, I am not very interested in going out with men. For sex, I much prefer to be on my own, dressing up, playing with myself and watching hardcore videos.

I have a large collection of videos, and spend hours and hours (sometimes whole weekends) in long masturbation sessions, wearing sexy lingerie and using all kinds of vibrators, nipple clamps and other toys. I am getting kinkier and kinkier all the time, and my fantasies are getting more and more bizarre. I am very happy like this and give myself enormous pleasure, but I can't help feeling I ought to get out more, find a boyfriend, and have a proper sex life. On the other hand, I have never met a man who could give me as much pleasure as I give myself. What do you think?

HF, Basildon

Your way of life sounds fine to me, but there is no reason why you shouldn't enjoy men as well. Why not try a few contact ads and find yourself a guy who enjoys the same things you do? You could still have those long sessions, still satisfying your needs in the way you love best, but with the added pleasure of watching and being watched by a congenial male.

DRAINED AND DOMINATED

I had to go to Germany on business for over two weeks recently and got extremely frustrated and horny. So, after phoning my wife and getting her agreement, I went to a massage parlour for hand relief. The young

We regret that we cannot enter into any correspondence, and can only answer the letters published on these pages.

masseuse was Polish, a tall, slim blonde with a gorgeous body, aged about twenty.

I stripped off and lay down on a massage couch and she covered my dick with warm oil, then she began to play with me. She was naked except for stockings and suspenders and I was allowed to grope her and suck her nipples as much as I wanted while she handled me, and there was a porn video playing on a large screen overhead, so I was soon extremely rampant.

She was quite a domineering young lady, and when she ordered me to kneel on the couch on all fours I was a bit puzzled, but I did as I was told, kneeling with my arse high and legs spread, my head down on my folded arms.

Then she started. While she slowly and gently wanked my dick with her left hand, I felt her running a finger of her other hand around the rim of my anus. It felt great - then I felt her oily finger slowly working its way inside me. That felt really good too, although I'd never had anything like it before. Then I felt another and yet another finger enter me, until I had three of them moving deep inside me.

I don't know exactly what she did, but after a minute or two I suddenly had the biggest and most pleasurable orgasm I've ever had. There wasn't a gradual build-up, as there usually is, it just happened, without warning. It was so powerful I actually came in my own face! It was amazing. It wasn't caused by what she was doing to my dick, but what she was doing up my backside. Can you tell me what she did? I told my wife all about it and she'd love to be able to do it for me.

BG, Yeovil

She brought you off by massaging your prostate gland. This is a technique often used by dominant Mistresses to keep their male slaves docile and drained of semen, as many men find it quite humiliating to be 'de-spunked' in this way. If you want your wife to learn how to do it, I suggest you ring around a few professional Mistresses until you find one who is willing to teach her for a fee. I am sure she could learn the technique in one or two lessons.

A Chicago man has been jailed for five years for intimately examining more than 15,000 women in fifteen years of posing as a gynaecologist. He claims to have had sex with more than half of them.

CLIT RINGS DRIVE ME WILD

My boyfriend recently had my clitoris pierced and a large gold ring inserted in it as a twenty-first birthday present. Now he makes me wear heavy weights on it, without panties, so that it pulls on me and makes me permanently horny. I love it, but it's driving me crazy and I have to bring myself off several times a day. Is it bad for me to play with myself so much?

SA, Swindon

You can't do it too much. If anything wanking is good for you. Enjoy!

Total Turn-On

Dear Sam: I first wrote to you last November when you printed a letter from a Mistress on the pleasures of high heel domination of male body slaves. Although I had never done anything like that, the letter excited me so much that I felt I just had to try it for myself. So I wrote to you and you kindly forwarded my letter to the Mistress. I thought you might like to know what happened.

The Mistress and I got on well and she agreed to let me attend a training session. The following Saturday evening I turned up at her house feeling very excited and nervous. I had dressed sexily in a black leather mini skirt, sheer stockings and suspenders, and I had bought a pair of black patent leather pumps with eight-inch heels, which I changed into as soon as I arrived.

The Mistress looked fabulous, of course, in a full length black silk robe, black net stockings, suspenders and red PVC thigh boots with nine-inch spike heels. After we had chatted for a while she called in the slave with drinks. He was a small but muscular, attractive young wimp of about twenty-three, naked except for a leather chastity harness which prevented him from getting an erection. He was ordered to kneel at his Mistress's feet and worship her boots with his tongue, while we talked and laughed together and sipped wine. He started by taking the long spike heels in his mouth in turn, sucking them for a long time, as slowly and sensually as a girl sucking a gorgeous cock.

SEXY STILETTO WORSHIP

Then, still moving very slowly, he worked his way up her legs, polishing every square inch of PVC with his tongue. It made my clit throb just to watch him! The Mistress must have noticed how excited I was getting, because she suddenly shoved him roughly away and ordered him to worship my feet!

I let him suck and drool over my beautiful high heels for a while, then I ordered him to take my shoes and stockings off and start working on my naked feet. As he fumbled with my suspenders I spread my legs wide, shamelessly showing him my creaming, swollen pussy, knowing the effect it must have on him.

As I lay back with his hot mouth on my bare feet, his tongue working in between my toes, sucking and licking, the Mistress put her arms around me. I turned towards her, and as we kissed I felt the slave's mouth slowly working up my legs towards my cunt. Wrapping both legs around his back I pulled him in towards me and he nuzzled his face into my dripping cunt, running his tongue from my anus to my clit over and over again in long sweeping strokes. It was the best oral I'd ever had. He had my erect clit in his mouth and I was almost coming, when the Mistress ordered him to stop. She then unlocked his harness and he was ordered to come over our feet. We both watched as, still kneeling, he milked his cock. He came very quickly, jetting his spunk over my bare feet and her boots. He had to be punished for that, and I nearly came watching her make

him howl and beg for mercy. Then, when he had licked us clean, we went off to bed together for some great bi sex. Now I am totally into stiletto training and have my own personal body slave to use and punish. So please print more sexy material about us females who use their spiky shoes and feet to train and dominate the mere male.

GENTLEMEN! HERE ARE DETAILS OF OUR BRAND NEW VOICE MAIL SERVICE FROM THE LONELY HEARTS

Calls charged at 39p/min cheap rate, 49p/min all other times.

As a special offer to you, our reader and advertiser, we are now incorporating a brand new **Voice Mail** in place of the Box Number Service. The new service will actually record your voice so that you can tell the ladies all about yourself and have an even greater response to your ads.

Your advert will be placed in the usual way (by mail or telephone) and you will then be given a telephone number to ring to record your message. This type of **Voice Mail** is controlled by a government body and is therefore, subject to censorship and we cannot use certain words in your advert or on tape. If you want to use your own wording that is unacceptable to the censors you will not be able to use voice mail, so please telephone **Joan Hoskyn on 0171 987 5090 ext. 2016** who will help you with the wording of your advert and your **Voice Mail** message. All **Voice Mail** messages are checked and, if necessary, censored. You will then be given a telephone number and code to enable you to retrieve all of your messages at one time. The message box will hold 40 minutes worth of messages on the system for 48 hours, so check your messages regularly.

This service will still be **Free of Charge**, if you would prefer to use the box number only, please state your preference when you place your ad. The cost of placing your advertisement in For Women is £27.00 inclusive of VAT and Box Number for 20 words, any wording over is £1.00 per word extra. If you would care to take advantage of our 4 for 3 offer the cost is £81 for 25 words and your ad will appear 4 times. Couples wishing to advertise in For Women or the Men's Adult Titles the cost is £30.00 for 20 words inclusive of VAT, box number and of course Free Voice mail.

Please contact Joan Hoskyn immediately regarding your current advertising being placed on our new voice mail service on 0171 987 5090 ext. 2016.

ALL ADVERTISERS MAY NOT HAVE RECORDED THEIR PERSONAL VOICE MESSAGE AT TIME OF GOING TO PRINT.

All you have to do is fill in the sections below and we will do the rest! All adverts cost £27.00 inclusive of Box No. and VAT per insertion of 20 words (over 20 words £1 per word extra) and will appear in For Women magazine. If you would like to keep the advert longer (greedy) then why not take advantage of our 4 adverts for the price of 3 offer (£81 inclusive of Box No and VAT for 25 words)

FOR COUPLES WISHING TO ADVERTISE IN THE MEN'S ADULT TITLES, THE PRICE IS £30 INCLUSIVE OF BOX NO AND VAT FOR 20 WORDS

FOR ONLY £10.00 EXTRA YOUR AD WILL APPEAR IN EROTIC LETTERS & EROTIC STORIES.

How does the Box Number and Voice Mail Service Work

a) When we receive your advert ad payment, you will receive a confidential Box Number. Once your advert appears in For Women, all replies will come here and then we will send all those delicious letters and photo's to the address you have supplied on the coupon.

b) If Voice Mail is requested (providing your ad text is within the censors guidelines), you will be given instructions and asked to telephone a number and using the instructions supplied, you will then leave your message on the Voice Mail. This is a new service and after you have made the recording, you may listen and make any changes you require. You will then be given a special pin number to enable you to retrieve any messages left you. The message box will hold 40 minutes worth of messages on the system for 48 hours. You will be sent all voice mail details within a few days of our receiving your advertisement so that you can take your time composing your message. If you need help with your advert (especially as they are now censored) please contact Joan Hoskyn on 0171 987 5090 ext. 2016.

The Write Stuff

three-way massage session, rubbing warm scented oils into each other's bodies.

She admitted the other day that she now quite fancies one of the girls in her office, who also seems interested in her. I think if you let us have another look at these two little darlings she might actually do something about it and hopefully turn my favourite fantasy into reality.

TL, Canterbury

Your wife has excellent taste. Here they are again. Let us know if it works - Sam.

RIDING ON THE GIANT VIBRATOR

That letter about people getting their jollies in unlikely places made me laugh and brought back some happy and horny memories. When I first went away to study at the age of eighteen I used to go home every weekend on the bus. Then one day I sat in the seat at the back, over the engine. The vibrations up through the seat to my pussy soon got me going and I came twice before I got home, with my knickers soaked. Luckily there was hardly anyone else on board and nobody noticed me squirming and panting on my giant vibrator.

Another time, I got so juiced-up that I sucked off a complete stranger! He was a young guy of about twenty-five who was sitting next to me, and he seemed to guess that I was turned on because he kept pressing his leg against mine. I was soon so horny that, without saying a word, I unzipped him and got his cock out. It hardened immediately and it was a beauty - long and thick. I desperately wanted to sit on it but I didn't dare. So when no-one was looking I knelt down and, shielded by the seat in front, sucked him off until he shot down my throat.

I had lots of sexy adventures on the bus (including my first bi experience - mutual clit play with a lovely French au pair.) And my parents thought I was such a dutiful daughter to go home every weekend!

JH, Ludlow

A bit more of that kind of service and millions of motorists would give up their cars and travel on the bus - Sam.

A newly married Brisbane man of fifty-seven was rushed to hospital suffering from severe back injuries and exhaustion after five days on honeymoon with his seventeen-year-old Fillipina bride.

CALLING ALL STRIPPERS

This is to all reader's wives, strippers, models, peep show girls, masseuses, erotic dancers, flashers and any other women who have a great time (and maybe earn a little pin money) showing of their beautiful bodies and exploring their sexuality, in the flesh or on film. Are you fed up - as I am - with the prudish feminist killjoys who say that women like us are helpless victims of male oppression and exploitation?

In my younger days (I'm thirty-two now) I was a go-go dancer, and also appeared in a few horny videos. I loved the power I had of arousing men (and women) through flaunting my body. I am now a mature student doing a research project on women like us and would like to interview you. If you'd like to help please drop me a line c/o *FOR MEN*. Thanks.

ST, Bristol

Right on! All letters will be forwarded - Sam.

RIGHT ON THE BUTTON

I've just met a bird with a really enormous clit. I couldn't believe it when I first put my hand inside her panties and found this really big one there! It's easily three inches long when it gets hard, and sticks right out.

The novelty sort of turned me on at first but now it puts me off a bit. It's almost like she's got a dick there. When she plays with herself it looks like a bloke wanking. And I just can't bring myself to suck it for her as she wants.

CE, Swansea

You must be mad, she sounds totally gorgeous. Send me her phone number immediately - Sam.

Erica
& Jade

"Erica and I first met when we were drama students. There were about a dozen of us, boys and girls, all sharing this big old house. We had a great time. Everybody was having everybody else - not just couples but threesomes and foursomes and moresomes - it was brilliant! And all the girls were bi, which made for even more interesting combinations! I'd never been with another girl before I went to live there, but I soon got a taste for it. Erica was the first girl I ever went to bed with. We spent the whole afternoon at it, just kissing and touching and gently fingering at first, then licking and sucking and exploring each other with our tongues. We came so many times.
It was fantastic. Later, a couple of the boys came in and joined us, and that was even more mindblowing! Now we've graduated and we've both got boyfriends, but we still meet regularly for lovely sexy sessions.
It's so good, and it's not being unfaithful, like screwing with other guys, is it?
And they can't complain, because they often join us."
